

# Make A Handprint Parrot

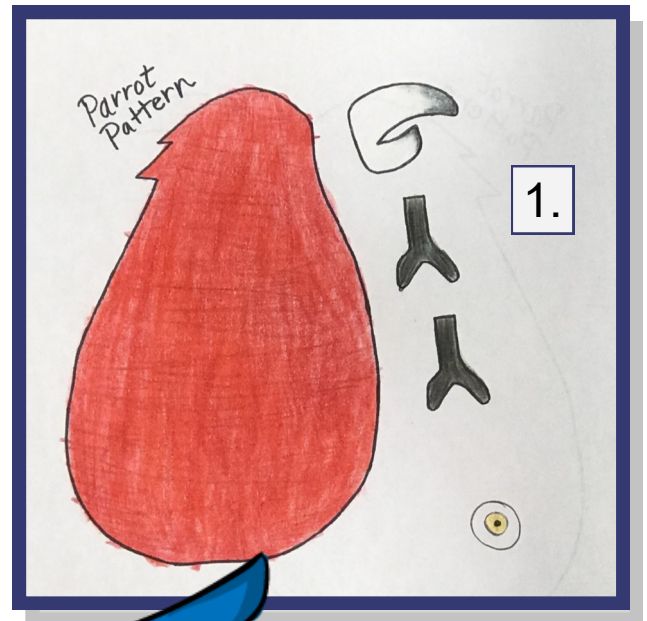

# Handprint Parrots Directions

**Materials:** parrot outline, colored construction paper, colored pencils, glue, scissors

## Directions:

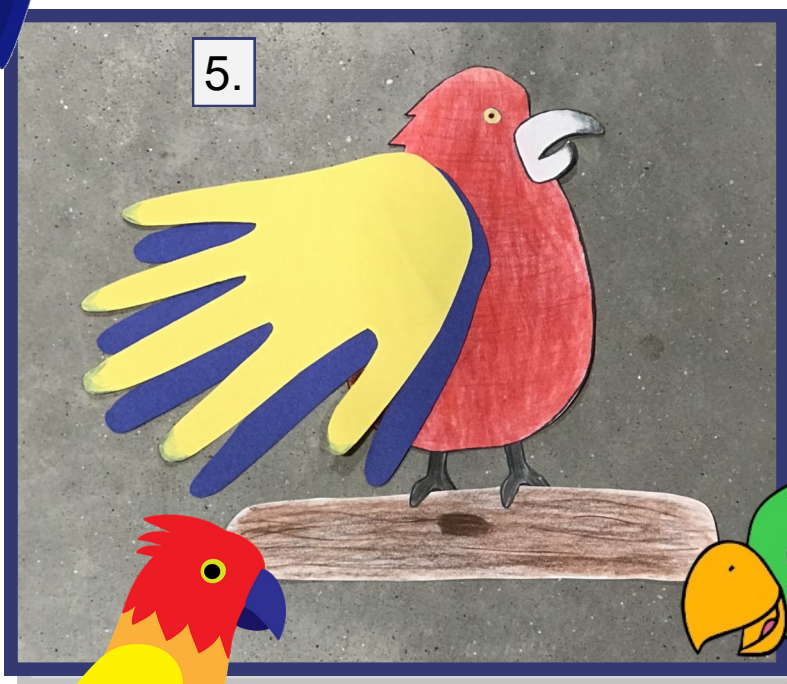

1. Your parrots on colored paper but you can still get creative and color it! Don't forget to color an eye for your parrot.
2. Using the colored construction paper, trace outlines of your hands and cut them out. These will become the parrots wings!

3. If you have any scrap paper you can make a branch for your parrot to sit on.

4. Carefully cut out your parrot outlines. You should have a beak, body, two legs and an eye if you didn't color it on the body.

5. It's time to build your parrot! Glue all of the parrot pieces together.

6. Your parrot is complete! Be sure to give your parrot a name!
