Article X. Variance Policy (*Intentionally Deleted*)

Article XI. Definitions

WOODHAVEN ASSOCIATION RULES AND REGULATIONS

Article I. General Conduct Rules

Section 1. Criminal Conduct

Criminal acts identified in State and/or Federal Statutes, resulting in the assistance from or an arrest by law enforcement officials will be cited as a Woodhaven Class III violation. (2/11)

Section 2. Owners as Guests of Another Owner, Access Restrictions

The payment of any debt including assessment, charges, penalties and installments, shall be due and payable as declared in the statement of debt. If delinquent, or during a period of any continuing violation of the Covenants, By-laws, or Rules, the Association shall deny access to Woodhaven common property by deactivating all passes issued for all campsites held by the Owner. (4/09) (see Article VI. Penalties: Sec. 1 B 3, C 1)

- A. Use of any pass to gain access to property delinquent in dues, citations or other charges, or during such time as there are sanctioned violations is strictly prohibited.
- B. Owners shall not facilitate or permit other Owners to come in as their guests when the rights of the guest as Owners have been suspended.
- C. Persons whose privileges have been suspended may not be on common property as guests.

Section 3. Entry, Membership Pass and Access (04/09)

Membership passes will be used for multiple years and must be kept from year to year.

- A. Overnight occupancy of a campsite without an active "IN" pass for that campsite is prohibited.
- B. Entry shall be at the main gate and requires 1 valid pass per passenger vehicle or 1 valid pass for two motorbikes.
- C. Persons 17 years of age or under are not allowed entrance or to be left unattended on a Campsite overnight unless accompanied by the Owner or an adult who is authorized by the Owner. (3/14)
- D. Each Owner/guest must be able to produce a valid pass both on a campsite and on common property. This applies whether the person entered Woodhaven Lakes in their vehicle or another Owner's vehicle. Public Safety personnel may request proof of such pass. Criminal charges for trespassing may be brought against persons unable or refusing to produce a valid pass. (2/13)

Section 4. Curfew

- A. A curfew is established for children 17 years of age and under. Curfew shall be from 11:30PM to 6:30AM.
- B. During curfew hours, children 17 years of age and under shall be denied use of the common properties of Woodhaven, including those areas where pay phones are located, unless under adult supervision.

Section 5. Consumption of Liquor

- A. No person under 21 years of age shall possess or consume any alcoholic beverage.
- B. The sale, distribution, and/or consumption of alcoholic beverages is prohibited on the common areas identified as the Sports Core (including the Pavilion, recreation center, playground, tennis and basketball courts, adjacent common grounds, and parking lot) and the beach (including adjacent common ground and parking lot) except by permit approved and issued by the Association.

Section 6. Smoking (3/08)

- A. No person under the age of eighteen (18) shall possess and/or use tobacco products.
- B. No smoking in or within 15' of any building's doorway.

Section 7. Swimming in Woodhaven Lakes

Swimming shall be restricted to the beach area of Woodhaven Lake only and the concrete pools that are established and maintained for this purpose. No swimming or wading shall be permitted in any lake except at Woodhaven Lake Beach and then only during posted swimming hours.

Section 8. Fires

- A. No unattended fires shall be allowed.
- B. Temporary restriction may be placed on campfires at the direction of the Executive Director, Director of Public Safety, or the senior officer on duty, due to dry or drought conditions, high winds, and/or other emergency situations. (3/15)
- C. All fires shall be contained within approved fire pits.

Section 9. Fireworks

The use and/or possession of a firework that explodes and/or propels is prohibited, except for Association sponsored events.

Section 10. Quiet Hours

- A. Quiet hours shall be from midnight to 7:00 AM.
- B. Sound sources such as radios, stereos, tape players, televisions, or any other sound producing equipment shall not be audible beyond 50 feet, or 25 feet during quiet hours.
- C. Quiet hours shall apply to any motor vehicles used for transportation, recreation, or maintenance.
- D. Quiet hours shall be enforced for any gathering of people on a lot or on common property.

Section 11. Air Guns

The use of air or spring powered rifles or handguns, bows or crossbows of any type are prohibited. Possession of these weapons, for purposes other than transporting in a vehicle and out of the public's view, is prohibited from Association common areas.

Section 12. Firearms

No person, other than those specifically designated by State law, and the Association, shall carry any firearms. Use of firearms is prohibited.

Section 13. Refuse
(Intentionally deleted)(3/17)

Section 14. Common Area Restricted

The Sports Core area, beach and adjacent common areas are closed to Property Owners and their guests from 10 PM to dawn, Monday through Thursday, and 11 PM to dawn on weekends and holidays.

Section 15. Vandalism, Graffiti, and Prohibition of Possession or Use of Spray Paint or Devices

- A. Mischievous acts to damage, deface, destroy, and/or disrupt normal operations of the Association or private property is a violation. (2/11)
- B. Placing graffiti on the real, personal, public or private property of Woodhaven or of an Owner of a campsite without the express prior written permission of Woodhaven is prohibited.
- C. Possession of a spray paint container, paint, ink, marking pen or broad tip marker which contains non-water soluble fluid, brush, applicator, or other material for marking, scratching or etching either with the intent to use such items to create graffiti at some time, or having used such materials to create graffiti is prohibited.
- D. No Owner of a campsite may permit graffiti to remain on the Owner's campsite for a period in excess of 15 days after service of a notice of defacement, either by personal service or service by mail to the last known address of the Owner. Failure to respond within 15 days of such notice shall be a violation of these Rules and Regulations. The notice of defacement shall describe the graffiti and its location, and shall inform the Owner that failure to respond to this notice within 15 days shall constitute a violation.

Section 16. Street Gangs and Gang Activities

- A. Gang Related Loitering Prohibited. No person may loiter, loaf, wander, stand or remain idle whether alone and/or in consort with others within Woodhaven's boundaries for the purpose of recruiting others for membership in a street gang, or for participation in gang activity.
- B. Gang Activity Prohibited. Participation in any gang activity at Woodhaven is prohibited.
- C. An Owner whose guest (whether or not a family member) participates in any gang activity shall be deemed to have violated paragraph B.

Section 17. Damage to Property (2/11)

Malicious and/or deliberate acts to damage, deface, destroy, and or disrupt normal operations of the Association or private property is a violation.

- A. Damage to property less than or equal to \$300 is a class II violation.
- B. Damage to property greater than \$300 is a class III violation.

Section 18. Theft of Property (2/11)

- A. Theft less than or equal to \$300 is a class II violation.
- B. Theft greater than \$300 is a class III violation.

Section 19. Disorderly Conduct (2/11)

- A. Verbal or physical altercations which cause others fear, alarms or provokes any other person is prohibited.
- B. Mischievous or inappropriate use of 911 emergency call systems is prohibited.
- C. Any purposeful act of nudity or misuse of Woodhaven's public bathhouses or restrooms is prohibited.

Section 20. Duty to Cooperate With Public Safety Officers (2/13)

- A. All Owners and guests shall comply with lawful requests and directions from Public Safety Officers and failure to so comply shall constitute a violation of these rules. (2/13)
- B. If requested to do so by a Public Safety Officer, persons shall produce a valid membership pass and/or driver's license or photo ID. If the person is a guest, the person shall give his/her permanent address, the campsite number and the name of Owner who is the guest's host. (2/13)
- C. At the request of a Public Safety Officer, all persons shall remain in the company of a Public Safety Officer until:
 - 1. The Public Safety Officer gives permission to leave; or
 - 2. A sworn law enforcement officer arrives. (2/13)

Section 21. Public Nuisance

Activities on a campsite or in common grounds, which unreasonably interfere with another person's use and enjoyment of their Campsite or the common grounds are prohibited. The prohibited conduct as defined herein shall be called a "public nuisance". See Article XI for definitions. (3/14)

- A. Activities in any common area or campsite which constitute public nuisance include the following:
 - 1. Open and public simulated or actual sexual acts.
 - 2. Playing a radio, CD player, digital player, cassette tape player, or any other sound device at excessive loudness.
 - 3. Repeated use of profanity at a volume level sufficient to be easily heard by other people in the vicinity, whether other people are on common areas or on a campsite.
 - 4. Use of racial or ethnic slurs at a volume level sufficient to be easily heard by other people in the vicinity, whether other people are on common areas or on a campsite.
 - 5. Playing radios, CD players, televisions, digital players, cassette tape players, or any other sound device at a volume level sufficient to be easily heard by other people in the vicinity, whether the other people are on common areas or on a campsite when the content of the music or spoken word is obscene, profane, or contains racial or ethnic slurs.
 - 6. Excessive consumption of alcohol resulting in intoxication or use of illegal drugs.
- B. Enforcement. A public nuisance incident may be cited if:
 - 1. Upon complaint, a Public Safety Officer confirms that a public nuisance exists; or
 - 2. Two individuals sign a complaint and a record accurately detailing the incident is made, which record shall be either a video recording, a tape recording, or a detailed written description, or combination of two or more of the recording methods.

Section 22. Registered Sex Offender/Child Pornography (9/09)

Any Owner who has been convicted in any jurisdiction of an offense requiring that the Owner register as a sex offender or who has been convicted of an offense involving child pornography shall report such conviction to the Executive Director. The Executive Director shall maintain a registry of all such individuals. The registry shall be maintained at the Association offices. The Owner must report such conviction within 30 days of the conviction, unless the conviction has occurred prior to the adoption of this Section 22, in which case the Owner must register within thirty days of the adoption of this Section 22. No Owner may bring a guest to Woodhaven who has been convicted of a crime in any jurisdiction requiring the individual to register as a sex offender or who has been convicted of an offense involving child pornography.

Section 23. Possession of Drugs and Drug Paraphernalia (3/14)

No person shall knowingly possess a counterfeit substance or controlled substance, cannabis, or paraphernalia of any kind upon a campsite and/or common ground of the Association.

Article II. Use of Motorized Vehicles

Section 1. Vehicle and Driver Restrictions

Use of roadways shall be restricted to vehicles licensable in the State of Illinois and to licensed operators. Other common properties shall not be driven upon except for those areas and those personnel designated by the Board of Directors for specific uses. (5/09)

- A. Electric Personal Assistive Devices. Devices with a maximum speed of 10MPH or less, used by handicapped or physically challenged individuals as documented by a physician's statement, or a State document, may be permitted upon application through the Association office. Users of such devices will be subject to all duties applicable to a pedestrian and must travel on the left side of the road.
- B. Licensed Mopeds, Scooters and Motorcycles. Mopeds, scooters and motorcycles are allowed a passenger only if it is equipped from the factory complete with pegs and seating to allow an adequate and safe riding position. Passenger riding in front of the operator is prohibited.
- C. Non-licensed, gas powered, off road or all terrain vehicles shall not be operated on campsites. (7/06)
- D. All passengers must be confined within the passenger area of a motor vehicle; when riding in the pick-up truck bed all passengers must be seated within the bed of the truck with the tail gate closed. (3/08)
- E. No person shall operate any motor vehicle in a reckless manner; including but not limited to, swerving on the road and repeatedly veering off the roadway, or driving too fast for conditions, with willful or wanton disregard for the safety of persons or property. (2/13)
- F. No person shall operate a motor vehicle when there are more passengers than the vehicle was designed for; or when the number of passengers seated in the front, obstructs the view of the driver or his/her control over the vehicle. (3/14)

Section 2. Obedience to Traffic Control Devices

- A. All persons shall obey the instructions of any applicable traffic control devices placed by the Association. Compliance shall be consistent with the performance required by the State of Illinois concerning similar traffic control devices upon public roads.

Section 3. Driver's License

- A. Every driver shall have his driver's license or permit in his possession when operating a motor vehicle and shall display such license or permit upon demand made by a Public Safety officer displaying a badge or in uniform. If the driver can, within 8 hours, show that a driver's license is current the citation may be dropped, with the approval of the department head.
- B. Operating a motor vehicle with an expired, suspended and/or revoked driver's license is prohibited. (3/14)

Section 4. General Speed Restrictions

- A. The speed limit on all roadways shall be 20 miles per hour. Speed limits shall be strictly enforced.
- B. No vehicle may be operated on any roadway at a speed that is greater than is reasonable and proper with regard to traffic conditions or would endanger life or property. Although vehicle speed may not exceed the posted limit, this does not relieve the driver of reducing speed at intersections, hills, pedestrian crossings, or where special hazards exist to avoid collision.

Section 5. Standing or Parking

- A. No vehicle shall be parked on any street or roadway except where expressly allowed.
- B. Attended and/or parked vehicles parallel parked along the shoulder of the road, 50% of the vehicle must be off the road surface.
- C. Parking is prohibited in those areas that are posted by signs as being reserved for specific persons or vehicles.
- D. Handicapped parking is limited to use only if the handicapped person is using the vehicle. A valid state-issued handicap vehicle identification must be visible on the vehicle
- E. Property Owners are required to remove vehicles completely from the road at all times during the snow removal process.
- F. Parking for longer than 45 minutes is prohibited in any parking lot adjacent to a comfort station or the phone booth at the main gate.
- G. Overnight parking in any parking lot is prohibited without prior approval from the Association Office or Public Safety.

Section 6. Prevention of Noise

- A. All motorized vehicles operating on common properties or campsites shall be equipped with adequate and consistent muffler systems so as to prevent excessive or unusual noise. A vehicle audio system shall not be audible beyond 50 feet. (7/06)
- B. No person shall operate any motor vehicle in such a manner as to cause or allow to be emitted squealing, screeching or other such noise from the vehicle's tires due to rapid acceleration or excessive speed around corners or other such reason. (2/13)

Section 7. Passing

- A. Passing of slow or standing vehicles may be done on the left side of the roadway when such a maneuver can be done without interfering with approaching traffic.
- B. Passing is prohibited on hills, curves, or within 150 feet of intersections.

Section 8. Driving Under the Influence of Intoxicating Liquor

- A. No person who is under the influence of intoxicating liquor or under any drug that renders him incapable of safely driving a vehicle may drive or be in actual physical control of any motorized vehicle.
- B. No driver or passenger may transport, carry, possess or have any alcoholic liquor within the passenger area of any motor vehicle upon a roadway except in the original container with seal unbroken. (3/14)

Section 9. Accident Notification

All persons operating motor vehicles who are involved in an accident that results in property damage or personal injury shall report, or cause to be reported, this information to the Department of Public Safety.

Section 10. Emergency and Public Safety Vehicles and Duties of Motorists (2/13)

- A. All motor vehicle operators shall yield the right of way to emergency and/or Public Safety vehicles displaying an amber color flashing or oscillating light and sounding an audible alert either by horn or siren. (2/13)
- B. Following an emergency or Public Safety vehicle using a flashing or oscillating light is prohibited. (2/13)
- C. Motorized vehicles approached on the road by Public Safety or an emergency vehicle, utilizing lights and audible alert, shall immediately pull to the right of the roadway and slow to a stop. The vehicles may then proceed with caution if not detained or if the emergency unit has passed. (2/13)

Section 11. Snowmobiles (4/17)

- A. A minimum of 4" of snow is required to open the snowmobile trails.
- B. Snowmobile usage shall be limited to those areas designated for their use by the Association.
- C. Operation of snowmobiles shall, at all times, be in compliance with those laws set forth by the state of Illinois and the Association's Rules and Regulations as listed in Article II.
 - 1. Snowmobile operation is not allowed on any lake or pond.
 - 2. Hours of operation:
 - » Monday-Thursday: 7:00 a.m. to Midnight
 - » Friday-Sunday: 7:00 a.m. to 1:00 a.m.
 - » Holidays: 7:00 a.m. to 1:00 a.m.
 - » Entering property by snowmobile after the set times the trails are closed is permitted for the sole purpose of traveling to the Owner's Campsite.
- D. Snowmobile operators are allowed to use roadways only for the purpose of going to trail areas and entering/exiting property.
- E. Management reserves the right to close any trail or area due to hazardous conditions.

Section 12. Obstructing Person on Roadway

No person shall willfully and unnecessarily hinder, obstruct, or willfully and unnecessarily attempt to delay, hinder, or obstruct any other person in lawfully driving, or traveling along or upon any roadway.

Article III. Registration, Licensing and Conduct of Vendors, Realtors and Contractors and Issuance of Permits

See Policies 08-200-0312 (3/14)

Article IV. Recreation Facilities (2/13)**Section 1. Unsafe Nuisance Actions**

Actions that are unsafe or a nuisance to others will be determined and restricted by the staff. The Association reserves the right to deny access to anyone suspected to be under the influence of alcohol or drugs. (2/13)

Section 2. Specific Rules Posting

In addition to the rules stated herein the Recreation Department will post specific rules on the use of each recreation facility at the site. These rules are designed to ensure the safety and peaceful enjoyment of all users. Other rules governing the use of facilities and common areas will apply.

- A. All Recreation and Aquatic Facilities (2/13)
 - 1. No smoking, except in outdoor facilities where designated areas are identified.
 - 2. No alcohol beverages allowed except where permit is applicable and issued by the Association (Rules: Article I Sec 5B)
 - 3. No dogs or pets in buildings, activity areas, courts, pools, or at activities except for authorized assist dogs and Recreation sponsored programs. (Rules: Article IX B 7)
 - 4. No loud music, foul language, or rough play.
 - 5. The RecPlex (from the playground to the General Store) and Woodhaven Lake Activity Area (Beach Amphitheater, Pool 2, playground etc.) are closed (Article I Section 14):
 - i. Monday – Thursday: 10:00 p.m. – dawn
 - ii. Weekends and holidays: 11:00 p.m. – dawn
- B. All Aquatic Facilities (2/13)
 - 1. Children under the age of ten (10) must be supervised by a fourteen (14) yr. old & up "or" adult if determined by staff.
 - 2. Children not toilet trained must wear swim diapers.
 - 3. All swimmers must exit the water during ten (10) minute breaks.
 - 4. The facilities must close and patrons must exit when thunder is heard or lighting is seen, including a 15 minute period after the last lighting or thunder is detected.
 - 5. No food or drink allowed in the water.
 - 6. No swimming without a lifeguard or Association designated attendant on duty.
 - 7. Do not distract the lifeguards or congregate near the lifeguard chairs.
- C. Main Pools (2/13)
 - 1. Swimmers with open cuts, abrasions, any contagious disease, or infectious conditions are not allowed in water of any pool.

2. Proper swimming attire is required in the pools. Swimsuits must have a proper lining; no cutoffs; no shorts without a lining.
 3. Only clean footwear, baby strollers and wheelchairs are allowed on pool deck and in the bathhouse.
 4. Swimmers may be required to shower as determined by staff.
 5. All swimmers must exit following a fecal or vomit accident until water is tested, cleaned, and treated (minimum of 30 min.).
 6. No running on deck or in bathhouse.
 7. Smoking is allowed in designated areas only.
 8. Food and drink in designated areas only, no glass containers allowed.
 9. Fence must remain clear of towels, clothing, or other items.
 10. Do not walk in, stand or jump from pool gutter.
 11. P.F.D. users must be supervised & in the shallow water.
 12. No floatable toys, rafts, balls, etc. are allowed in the main pool.
 13. Stay clear of stairs & ladders except to enter & exit.
- D. Children's Wading Pools (in addition to rules for the Main Pools) (2/13)
1. The children's pool is for those 6 yrs. and under with parent or guardians.
 2. Guardians will be responsible for the conduct of their children and adherence to the rules.
 3. Proper swimming attire is required to be in this area.
- E. Beach (2/13)
1. Swimmers must stay within marked lines.
 2. Do not hang on lines/floats.
 3. Floatables are subject to use restriction.
 4. Staff may restrict use of balls and toys.
 5. No throwing sand, dunking, or "horseplay".
 6. No swimming with long or baggy pants.
- F. Family Center, RecPlex Building, Lakeview/Lakeside (2/13)
1. Dry shirt, shorts, shoes are required.
- G. Lakeview Center-Cyber Café (2/13)
1. Children under 18 are not allowed to access the computers and must be supervised by parent or guardian if in the area.
- H. Lakeside Center – Fitness room (2/13)
1. Under 12 yrs.: no admittance.
 2. 12 – 17 yrs. must be supervised by parent or guardian.

Section 3. Bicycles, Rollerblades, and Skateboards (2/13)

No bike riding, rollerblading or skateboarding on sidewalks, patios, decks, ramps or other pedestrian access passages to any building or amenity including, but not limited to: General Store building, RecPlex patio, Family Center/Pool II patio, sidewalk or ramp, Lakeview patio, tennis and basketball courts, etc. Gravel paths through these areas are excluded. (2/13)

Article V. Natural Resource Guidelines

Section 1. Removal of Woody Vegetation

- A. Campsites. No tree over 4 inches in diameter may be removed from any campsite without prior written consent of the Association.
1. Removal permits (orange color) shall be posted on electric pedestal and subject tree marked prior to its removal.
- B. Common Areas.
1. No woody vegetation can be removed from common areas without prior written consent of the Association.
 2. The Association reserves the right to determine whether trees, railroad ties, or other structures should be removed from shoreline areas of lakes and streams.
 3. Tree limbs overhanging onto private lots from common areas or adjoining lots can be removed by the lot owner provided that it does not cause death or disfigurement of said tree.

Section 2. Mowing

- A. Common areas subject to severe erosion, particularly lakes and stream sides, shall not be mowed within 5 feet of said site.
- B. Common areas, except parkways, may not be mowed by Property Owners unless a permit is issued.

Section 3. Fishing Regulations

- A. The Association may establish catch limits and size limits.
- B. No minnows will be used as bait in any of the lakes.
- C. Illinois fishing license regulations are applicable.
- D. *Intentionally deleted*

Section 4. Chemicals and Pollutants

- A. Applicable Illinois statutes will be enforced.
- B. Unauthorized use of pesticides or pollutants on all common areas is prohibited.
- C. Use of chemicals or pollutants by Property Owners is restricted within 25 feet of shoreline areas.

Section 5. Wildlife

Hunting and unauthorized trapping is prohibited.

Section 6. Boating and Boat Storage

- A. Any person operating a boat with an electric trolling motor, shall be 18 years of age or older.
- B. Authorized watercraft used upon Woodhaven waterways include canoes/kayaks, rowboats, deck boats, paddle boats, paddleboards, float tubes/belly boats and sailboats. (3/14) (5/17)
1. Deck/Pontoon boats are limited to 16' or less, which will be determined by the length stated on the Title; or, by measuring the

- deck platform, excluding the transom and motor. (3/16)
2. Powered/motorized boats either in the water, parked on any common property must be registered with the IDNR or another State's agency and must display the current sticker to the outside of the watercraft.
 3. Non-powered watercraft must display a current IDNR sticker or water usage stamp on the boat. (5/17)
 4. All watercraft, regardless of type, are to display the Owner's Section and Lot number in block letters 3 inches tall affixed to the outside of the watercraft.
 5. A U.S. Coast Guard approved personal floatation device be on board for each person. (5/17)
- C. Boats equipped with gas motors, whether running or not, are prohibited on any lake, except for maintenance and/or life safety duties performed by the Association. These boats are permitted on a Campsite between March 1 and November 30.
 - D. Any boat with an electric trolling motor that is used, shall be run in such a manner as to leave "no wake".
 - E. No fishing or trolling allowed while under power.
 - F. Non-powered boats have the right of way.
 - G. All unauthorized boats shall be removed from common property, designated lakes accesses and boat storage areas from December 1st to March 1st. (3/17)
 - H. Any boat not removed from common property will be removed by Woodhaven personnel and stored. Owners with boats that have current registration, section and lot number will be notified. All Owners will be required to pay a removal fee and a monthly storage fee in order to reclaim their boat.
 - I. Any boats not claimed by the following June 1 might be auctioned or disposed of.
 - J. Pets may not accompany users of paddleboards while on a lake. (5/17)

Section 7. Trails

- A. Debris must be placed in containers provided.
- B. Snowmobiles are confined to the designated trails.
- C. Motorized vehicles of any kind are prohibited from use on the trails, except for snowmobiles on defined snowmobile trails, personal handicap devices, and Association vehicles.

Section 8. Designated Preservation Areas

- A. The following areas have been designated as preservation areas and may not be reclassified to other uses, except by unanimous vote of the Board following a two-thirds affirmative vote by the members in an advisory referendum on the reclassification proposal:

AREA "A" THE NORM PUGH NATURE AREA/WETLAND TRAIL
 AREA "B" SECTION 28 OUTLET
 AREA "C" WOODHAVEN PRAIRIE
 AREA "D" MALLARD POND
 AREA "E" SECTION 26 TRAIL
 AREA "F" BASS LAKE HEADLAND
 AREA "G" WOODHAVEN LAKE RAVINE

Legal descriptions for all of the above areas are on file in the Association office.

- B. Motorized vehicles of any kind are prohibited from incursion into Designated Preservation Areas, except for snowmobiles on defined snowmobile trails and maintenance vehicles.
- C. Fires are not permitted except as authorized by the Association to promote native prairie grasses.
- D. Damaging, destroying or removing trees or plants is prohibited, except for authorized maintenance.
- E. Disturbing, hurting or killing wildlife is prohibited, except for authorized maintenance.

Section 9. Sea Walls

In constructing a sea wall, acceptable methods of protection are: sand, soil, natural vegetation, rock or riprap. In constructing a retaining wall, acceptable materials are: railroad ties, treated lumber, or vinyl and composite material specifically made for applications in or around water. Use of concrete, metal, steel, plastic, fiberglass, fence material or painted wood is prohibited. All seawalls and riprap shoreline treatments shall incorporate a filter fabric between the existing ground and the rock backfill of a seawall or the riprap. The filter fabric material shall be of a non-woven nature with pore space that allows water to permeate. (3/15) There is to be no electricity run from the property line to the shoreline of any campsite either with or without a seawall. (3/17)

1. Requires a First Class Permit issued by the ESAC Department and approved by the Resource Department.
2. Eligibility for license: License will only be issued to Property Owners who are on a lake with lake front properties as demonstrated on the original Sidwell Plats.
3. Requires a signed Seawall License Agreement to be on file prior to the issuance of the First Class Permit. (3/17)

Article VI. Penalties, Hearings and Appeal

Section 1. Violations - Penalties

- A. Owners shall be responsible for any violation of Association Rules and/or Covenants by the Owner or any of Owner's guests, including family, and Owners will be issued citations for such violations and may be fined accordingly. Guests of Owners who violate the rules may receive a copy of the citation issued to the Owner. Violations of Article III A (4), (5), (6) and (7) of the C&R shall be governed by the provisions of Section 3 of this Article VI. Any delinquent fine, as defined in 2. below, shall cause the suspension of all passes assigned to the Owner of the campsite until the obligation is satisfied. (03/12) (2/13) (2/16)
 1. A fine, imposed as the result of a violation of C&R or R&R by the guest of an Owner, is an obligation of the Owner whose pass permitted entry into Woodhaven.
 2. Fines and other penalties are due and payable within sixty (60) days. If appeal is made, within thirty (30) days of notice of final decision by the Board.
 3. A violation of a suspension or restriction issued by the Board of Directors will result in an automatic hearing before the Board of Review. (2/16)

B. General Violations (3/06) (3/08) (3/11) (2/13) (3/14) (2/16) (3/17)

1. Public Safety/Resource Schedule

I Minor Violation		II Intermediate Violation		III Major Violations	
Art.	Sec.	Art.	Sec.	Art.	Sec.
2nd RV	VII 2C	Damage to Property ≤\$300(a)	I 17A	Air Guns	I 11

Removal of Property Pins(1/09)	VII			Misuse of Sewer(d,e) (7/08)	VIII 3A
All Rules Not Listed				Sanitary Waste, Dumping(e)	VII 5M1

3. Levels (applicable to 1&2)

Class I	Class II	Class III
\$25	\$50	Board of Review not required = \$100 Board of Review required = \$TBD

Four(4) or more citations in any Class within a 12 month period: automatic Board of Review; restricted use or suspension may be added.

- a) +restitution
- b) +one or more passes invalidated
- c) overnight use prohibited
- d) +cost and service fee
- e) automatic Board of Review \$100-\$500

4. Limitation of Property Use shall be applied on documented evidence of:

- a. Gross disregard for the public safety, or
- b. False statements to Public Safety, ESAC, Board of Review, or Board of Directors, or
- c. Repeated citations beyond 4 in the current 12-month period.

5. Suspension (3/14) (2/16)

In addition to or in lieu of penalties set forth above, suspension of, or restricted access to Woodhaven's common property or use of Woodhaven's amenities may be imposed where the Board finds that, because of the seriousness of the violation or other circumstances, the offender's continued presence at Woodhaven would constitute a potential danger to Owners or guests of Woodhaven, and/or would impose a risk of disruption of the quiet enjoyment of Woodhaven's Owners and guests. Citations issued for violation of this rule will result in an automatic review.

C. Special Situation Fines and Penalties. (4/09)

1. A citation for Article I Sec 2 A and B (use of another Property Owner's pass) shall result in a fine of \$100 for both parties for the first offense and \$500 for each offense thereafter; citations for this violation will be continuous. (2/13)
2. A citation for Article I Sec 15 D (removal of graffiti) shall result in a minimum fine of \$50. Woodhaven may, in its sole discretion, cause the removal of graffiti at the Owner's expense.
3. A citation for Article II Sec 8 (A) shall result in an automatic review with a fine up to \$500 and limitation of property use. (2/13)
4. Violations of Policy 08-200-0312 contractor regulations other than tree removal may result in monetary fines up to \$500, suspension of work privileges and/or revocation of license. (3/14)
5. Removal of trees without a permit (applies to Owner or contractor):
 First tree \$100 Second tree \$200 Third tree \$300
 Fourth tree and up: Automatic Review, Fine \$500 each and limitation of property use or revocation of license. This shall be a cumulative count with no cutoff date.

6. A citation for Article IV (Recreational facilities) shall result in a fine per schedule in Sec 1.B above and a suspension of the offender from all recreational facilities and programs for up to one year.
 7. Failure of the Property Owner to comply with provisions of Article IX (campsite) after written notice constitutes a violation and is subject to a fine and may cause the Association to take action to remove the offending accessories, vehicles, vegetation or material upon authorization by the Board. The cost of removal plus a \$25 service fee will be assessed to the member. This fee will be due and payable immediately.
 8. A citation for Article I Sec 15 B shall result in one or more of these penalties: a fine of \$100 to \$500, limitation of property use, restitution in the form of monetary damages, or community service. (2/13)
 9. Restitution. If damage the Board deems material in extent or amount is done to Association facilities or property by a Property Owner or by a guest of a Property Owner, the Property Owner shall be required to pay the cost of repair or replacement to restore the facilities or property to their condition prior to the damage. Restitution may be in addition to any fine, which may be imposed on the Property Owner or the guest arising out of the actions, which resulted in the damage. Total monetary restitution shall not exceed the actual cost of damage. If more than one person participated in the incident, restitution may be divided among them.
 10. Pass Invalidation. A Property Owner whose guest commits a criminal act, as defined in Illinois statutes, shall, in addition to standard penalty, have one or more passes invalidated for a period of up to one year. Such invalidation may be imposed on up to three of the four passes assigned to the campsite accountable for the violation.
 11. A citation for Article I Section 9 (fireworks) shall result in a fine of \$100 for the first offense and automatic review with fines up to \$500 for subsequent offenses. A single incident involving a group from one campsite shall be regarded as one offense.
 12. A citation for Article I Section 22 (sex offenders/conviction of child pornography) shall be fined \$500 for the first offense and shall have all privileges of access to Woodhaven and use of the common properties at Woodhaven suspended for a period of not less than 1 year. (9/09)
 13. Violations of Article II Section 4 A., General Speed Restrictions (4/12)
 - a. Speeding 21-25 mph carries a fine of \$50
 - b. Speeding 26-35 mph carries a fine of \$100
 - c. Speeding greater than 35 mph carries a fine of \$150
 14. Violation of Article IX L., Restricted Trash and Debris shall result in an automatic review and a fine up to \$500. (3/17)
- D. Complaint by Property Owner or Guest. A Public Safety officer will investigate a complaint to determine the validity of the complaint.
1. After validation, a written complaint shall be prepared by the Public Safety officer and signed by the complainant and thereafter; a citation can be issued to the offending Property Owner or their guest. The complainant will be notified if it is necessary to appear before the Board of Review.
 2. If the officer witnesses the violation, a citation may be issued directly, without a written complaint.
- E. Any person on Common Area found in possession of any spray paint cans or any type of permanent marking instrument or device, with intent to damage buildings or signs, shall be subject to citation and, if appropriate, arrest by law enforcement officer. The Public Safety officer will confiscate the spray paint can or marking instrument as contraband.

Section 2. Right to Hearing in Cases Involving Citations, Nuisance Abatements and Other Violations

- A. Citation Cases.
1. Any person who wishes to contest the issuance of a citation may do so by filing, in writing, a hearing request form with the office of the Executive Director within thirty (30) days from the issuance of a citation.
 2. In the event there are multiple citations from the same incident and one of the citations results in an automatic appeal, then all citations may be heard by the Board of Review at the same time. (10/08)
 3. Upon receipt of a hearing request form, the Executive Director's office shall provide the Property Owner with a copy of said request stating the time, date, and location of the review hearing, and transmit a copy to the Review Board which shall act as the hearing body before which the cited person shall have the right to an advisory-type hearing in which information in defense may be presented.
 4. Present at the hearing shall be the Review Board members, the Property Owner with any witnesses and the Director of Public Safety and/or the Code Enforcement Officer along with prosecution witnesses. In addition, the Review Board may request the attendance of any other individuals for information testimony. A transcript of all proceedings of the hearing shall be maintained.
 5. Within ten (10) days of the hearing date, the Review Board shall provide, in writing, its recommendation to the Board of Directors.
 6. Failure to appear at a requested hearing or arrange a postponement will be considered as acceptance of the citation and recorded as "not contested".
- B. Hearings on Nuisance Abatement and Disposal of Property. If the Board shall determine to remove any RV or improvement pursuant to Article IV B of the C&R, or if a Campsite Owner fails to remove abandoned vehicles, RVs, accessory buildings, or other material, all as provided in Article IX of these R&Rs, the following rules shall apply:
1. The Board shall make a finding of the specific condition(s) present on the Campsite that meet the criteria of Covenant IV B.
 2. The Board shall set a date for abatement of the nuisance.
 3. The Owner shall be sent written notice by regular and certified mail to the last address provided by the Owner to the Association. The notice shall state the Association's intent to abate the specific nuisance by removal, the intended disposition of the removed property, and the intended date of removal, which date shall be at least twenty-one (21) days from the date of the mailing of the notice.
 4. If the Owner files a written request for hearing with the Association not less than ten (10) days prior to the removal date, the Owner shall be entitled to present evidence on why the nuisance should not be abated at a hearing conducted by the Executive Director. The Executive Director shall set the date of the hearing. Following the hearing, the Executive Director shall make recommendations to the Board at its next regularly scheduled meeting. The Owner may appear at this Board meeting to present reasons why the nuisance should not be abated. The Board shall then decide if the abatement shall proceed, and if so, shall set

the date for the removal and disposition.

5. All costs and expenses incurred by the Association to abate the nuisance, including disposal of any items of personal property, shall be immediately due and payable by the Owner, as provided in Article IV B. of the Covenants.

C. Contractor violations. The ESAC Review Board under Section 2 A above shall conduct review of violations.

Section 3. Citations for Violation of Certain Residency Covenants

- A. A citation will be issued to any person who violates one or more of the Article III A (4), (5), (6), or (7) of the C&R (hereafter Article III A). Person includes a Property Owner and/or any other occupant of a campsite.
 1. A special form of citation will be issued for any violation of Article III A. The citation shall include a warning that the Owners and occupant's rights of access to the common property at Woodhaven shall be denied during the period that such violation continues.
 2. A copy of the citation shall be mailed to the Owner at the last known address listed in the Association's file. In addition, a copy of the citation shall be personally served on any occupant of the campsite who is at least 18 years old.
- B. Hearings on Citations Under This Section. A hearing on a citation for violation of Article III A shall be held by the Executive Director within 7 days of mailing of the citation to the Owner of the campsite. The date and time of the hearing shall be specified in the citation. At the hearing, the Owner may present evidence to show that the use of the campsite is not in violation of Article III A.
- C. Automatic Appeal to the Board of Directors. If, at the conclusion of the hearing required under paragraph B above, the Executive Director finds that a violation of Article III A has occurred, there shall be an automatic appeal of said decision to the Board. The hearing on the appeal shall take place at the next regularly scheduled Board meeting occurring after the decision by the Executive Director. The Owner may present evidence to the Board that use of the campsite is not in violation of Article III A. The decision of the Board shall be final, and there shall be no further appeals or hearings. Any decision of the Board finding a violation of Article III A has occurred shall include the date on which the penalty set forth in paragraph (D) below shall be effective.
- D. Penalty. The penalty for a violation of Article III A shall be:
 1. Overnight use of Woodhaven shall be prohibited for the next 183 days beginning immediately after the Board's decision, and (4/10)
 2. All passes issued to or on behalf of the Owner(s) shall be valid for use only between the hours of 6 a.m. and 10 p.m., and
 3. A monetary fine of \$100 for the first offense and \$500 for each offense thereafter, and
 4. A written notice that any additional overnight stays will result in automatic suspension of all passes issued to or on behalf of the Owner(s) of the campsite upon which a violation of Article III A has occurred.
- E. Application for Removal of Suspension. The Executive Director or the Board may remove the suspension of privileges imposed pursuant to Section 3.D. Any Owner who wishes a removal of such suspension must file a written request with the Association, asking that the suspension be removed. The written request shall specify the reasons why the suspension of privileges should be removed. The Executive Director shall hold a hearing within fourteen (14) days of the filing of the written request. The Executive Director will determine that (i) all violations of Article III A have ceased, and (ii) there are adequate assurances that there will be no further violations of Article III A. The Executive Director shall issue a decision within seven (7) days after the conclusion of the hearing. If the request is denied, the Owner may appeal to the Board. The appeal to the Board shall be heard at the next regularly scheduled Board meeting occurring after the date of the Executive Director's decision. An Owner may file only one application per calendar month under this paragraph.
- F. Non-waiver. Issuance of a citation and imposition of a penalty provided by this Section 3 shall not preclude litigation or other enforcement activity against any Owner or occupant.

Section 4. Citations for Violation of Article I, Section 16 and Certain Violations of Article I, Section 20

Any violation of Article I, Section 16 and certain violations of Article I, Section 20 shall be conducted under this section.

- A. Citations. Except as specifically provided herein, at the discretion of the Public Safety officer, an individual violating Article I, Section 16 may be given a warning citation or a citation as is otherwise defined in the R&R.
- B. Violations During Questioning and Identification
 1. Any person stopped for questioning, or being questioned by a Public Safety officer for matters relating to enforcement of Article I, Section 16 and who refuses to identify himself or herself as required by Article I, Section 20 (B), or who gives false information, is deemed to be a trespasser, and the following shall occur:
 - a. A citation shall be issued for violation of this section.
 - b. The person shall be requested to leave Woodhaven and shall not be permitted to return.
 - c. If the person fails to comply with the above request, an appropriate criminal complaint shall be filed with the appropriate law enforcement agencies.
 2. Any person failing to obey the request of a Public Safety officer pursuant to Article I, Section 20 (C) is deemed to be a trespasser, and in addition to (1) a, b and c above, the person shall be permanently banned from entry into Woodhaven.
- C. Citations for Violation of Article I, Section 16 (Gang activities)
 1. Citations for persons having previously received a warning citation. Any person who receives a citation for violation of Article I, Section 16 of these R&R and who has received a warning citation for violation of Article I, Section 16 during the 24 months immediately preceding the issuance of said citation, shall be deemed a trespasser, and all access to Woodhaven shall be immediately terminated. Return to Woodhaven may be permitted only upon action of the Board, which may set conditions on such reentry. Such person shall further be subject to the penalties provided in paragraph (2) below.
 2. A citation for Article I, Section 16 requires Automatic Review and one or more of the following penalties:
 - a. A fine of \$100 to \$500
 - b. Immediate eviction from Woodhaven
 - c. Temporary ban on entry into Woodhaven
 - d. Permanent ban on entry into Woodhaven
 - e. Requirement to pay full restitution for any damages or costs caused by the Owner or by the Owner's family member or guests

Section 5. Hearings and Appeals

- A. Any hearings and appeals necessary under this Article VI shall be held pursuant to Section 2 of this Article.
- B. The decision of the Board of Directors shall be final in all cases.
- C. The Board of Directors may dismiss a citation upon recommendation of the Review Board or their own initiative.

Article VII. Land Usage and Construction Guidelines Regulating Lot Owner Improvements

Short Title. This article may be cited and referred to as the "Woodhaven Lot Improvements Code".

- A. Property Owners are responsible for the actions of the surveyors they hire who shall not remove an original monument nor may they remove a boundary pin without written consent of the neighboring Property Owner(s) who shares the pin(s) in question; written agreements must be filed with the Association. (01/09)

Section 1. Setback Requirements

Where property rights extend to shoreline, a fire pit may be placed 15 feet from shoreline. The setback will include any perimeter material such as brick, stone, etc. A fire pit cannot exceed 1 foot above ground level.

In the case of a corner lot, the long side bordering a road will be designated as side lot line, and the side setbacks and easement will apply. The short side on the intersecting road will be designated the front of the lot and the front setbacks and easement will apply. Any more restrictive platted utility easements would supersede.

Section 2. Improvement & Permit Classes

Class I-A(1)	Class I-B	Class II	Class III
← (fixed units) →			
Overhead Structure	Travel Trailer (2)	Antenna (fixed)	Additional Tents
Room Enclosure	Wood Deck	Bridge	2nd RV
Park Model Trailer (2)	RV Pad	Culvert	Demolition (4)
Integral Connecting Roof	Staircase	**Dog Run/Kennel (08/11)	Mowing (3)
	Porch	*Driveway	Tree Removal
	Ramp	*Parking Pad	Yard Sale
	Retaining Wall	Fire Pit	
	<i>Seawall (setback does not apply)</i>	Fireplace	
		HVAC	
		LP Tank	
		Patio	
		Pond	
		Roof Replacement	
		Satellite Dish(fixed)	
		Storage Shed	
		Storage Locker	
		**Temporary/Portable Screen Rooms/Overheads (6/13)	
		Terrace	
		Utility Extension	
		Wastewater Holding Tank	
		RV Modification	

- (1) Lee County Permit Required
- (2) Require Certificate of Title
- (3) Require neighboring PO agreement
- (4) Requires means for disposing material
- *Subject to 1' side setback
- ** (5) Requires 7' side setback and 15' front/rear setback

- B. Permits. The placement of any recreational vehicle or the commencement of construction or structural alterations of any improvement described in this Code shall be prohibited unless proper Woodhaven and Lee County permits have been issued. A permit is needed when making repairs, or replacing or modifying a roof. A permit is needed when modifying windows, doors, siding, tip outs, slide outs, or any exterior element of an RV. Any modification must conform to current RV standards and/or practices for the RV type being modified. No permit is needed for other RV repairs provided the repair is intended to maintain the RV in "as was" or original condition.
 1. Applications for both Woodhaven and Lee County building permits and mowing, tree removal, and demolition permits may be obtained at the ESAC office. Permits for 2 RVs or additional tents can be obtained at the Front Gate.
 2. Applications properly completed, accompanied by structural plans, and accurate setback plotting and found to be in compliance with the Code shall be approved within 3 business days and a permit issued upon Lee County fee payment (if required).
 3. Permits are valid for a period of 180 days from date of issuance of the permits. Work authorized by permit but not substantially started within 90 days shall require a new permit. An extension of the permit, if the work is not completed within the 180 days given, may be issued by the Code Enforcement Officer upon receipt of a compliance agreement.
 4. A permit shall be revoked by the Enforcement Officer when he shall find, from personal inspection or from competent evidence, that the rules or regulations of the Code are being violated.
 5. The permit application for placement of a RV shall include the vehicle identification number (VIN) and a copy of the title or bill of sale.
- C. 2nd RV. A second RV will require a permit, issued for 14 days, when temporarily parked on a campsite with the exception of trucks with camper tops or conversion vans that are being used for transportation and are not hooked up to water or electric nor are they being occupied while parked.

1. There is a limit of four (4) permits issued to a single lot in any given calendar year, two (2) of which may be between Memorial Day and Labor Day weekend hereafter referred to as "in-season".
 2. In-season permits may be combined for a maximum of 28 consecutive days. If the Owner wants to string one off-season permit with two in-season permits there will be a maximum of 35 consecutive days.
 3. The RV must remain within the campsite boundaries.
 4. A grace period of up to 48 hours for loading/unloading will be given with prior authorization.
- D. Tents. Tents connected by an accessory tunnel or otherwise joined shall be regarded as multiple tents. Placement of additional tents on a campsite will require a permit (limited to 14 days) as follows:
1. Campsites with no RV are allowed 3 tents with no permit required.
 2. Campsites with an RV are allowed 2 tents with no permit required.
 3. A permit may be issued for a maximum of 2 additional tents.
 4. Woodhaven may waive restrictions for registered not-for-profit organizations, i.e. Boy Scouts, Girl Scouts.
 5. Tents must be set up within setback lines.
- These permits must be displayed on the RV or electrical pedestal (tents) and must be visible from the road for as long as the RV or tents are present, but in no case beyond the permit expiration date. There is a limit of 4 permits issued to a single lot in any given calendar year, 2 of which may be between Memorial Day and Labor Day weekend. A permit extension may be considered for extenuating circumstances with prior notice. Tents and fabric overheads shall be retracted or removed from December 1 to April 1 unless in actual use.
- E. The demolition of any building or structural improvement requires a permit and means for disposing of debris. Woodhaven dumpsters cannot be used for this material.
- F. Yard Sales. (2/16)
1. No yard sales, garage sales, or product sales are to be allowed on any campsite except by special permit.
 2. No lot shall be issued more than one permit per year consisting of no more than three consecutive days.
 3. Yard sales are not permitted during holidays or Woodhaven special event weekends including: Spring Fling, Memorial Day, 4th of July, Main Event, Labor Day, and Fall Festival weekends.

Section 3. Non-conforming Improvements

- A. Continuance of use. Any permitted improvement, constructed and placed in accordance with its permit, and existing at the time of adoption of this Code, or a later amendment, which does not conform to the provision of this Code, shall be deemed to be a non-conforming improvement and may be continued and kept in ordinary repair and maintenance or changed to a conforming improvement, except as provided herein.
- B. Perpetuation. No non-conforming improvement may be enlarged, extended, structurally altered or improved in any way that may appreciably extend the useful life of the improvement. Alteration may be commenced, under permit, to convert a non-conforming improvement to a conforming one.
- C. Elimination of non-conforming improvements. A non-conforming improvement must be removed or modified to a conforming improvement:
1. When a non-conforming improvement may be deemed a health or safety hazard by a safety official charged with protecting the public health and welfare, or
 2. When a non-conforming improvement is damaged or destroyed by any means to the extent that a loss of 50% or more of the replacement value of the improvement has been incurred.

Section 4. Violations/Inspections (3/14)

- A. Inspections of all lots for pin locations may be made and existing violations will be recorded in Owner's files. At this time, notice will be served upon the member in violation by regular mail to the last known address in the Association records. The member will have thirty (30) days to submit plans for removal or reconstruction of the violation into a conforming improvement.
- B. Pin locations are not a valid survey.

Section 5. Allowed Structural Improvements (2/16)

All work performed shall be done in a workmanlike manner, according to current trade practice and area construction codes.

- A. Storage building (Shed):
1. Shall be constructed on a level base with a floor designed to allow the shed to be easily relocated.
 2. Shall have a roof pitch of not less than 3 inches per foot of rafter span, covered with a generally accepted roofing industry material, in accordance with the manufacturer's intended purpose and installation instructions. Manufacturer's specifications may be required for permit.
 3. Shall not exceed 96 square feet, nor may it exceed a height of 9 feet measured from the base to highest point of roof. Gable and roof extensions may not exceed 12 inches. (6/13) (8/14)
 4. A second shed may be permitted on a campsite, with the following provisions:
 - a. A total of 128 square feet consisting of no more than two structures.
 - b. The two structures are not joined in any manner and do not share any common components, i.e. roof, wall, floor, etc.
 5. Shall not have plumbing, sanitary, cooking, or sleeping facilities installed at any time.
 6. Sheds may be constructed of industry recommended material suitable for outdoor applications; and must be maintained to remain free of rotting, rusting, holes, or in any other way being left open to the elements. (3/16)
 7. Sheds constructed of wood must be of exterior quality and sealed with exterior paint. (2/16)
- B. Wood decks, porches, ramp and staircases.
1. May not exceed a combined total of 400 square feet.
 2. The floor height shall be consistent with reasonable entry into the trailer.
 3. The deck shall be supported by wood or steel posts, or concrete piers. If concrete piers are used, they must not extend beyond 3" above grade.
 4. A raised wood deck, when properly constructed and upon proper application of the necessary permits, may be used as the floor

for other approved campsite improvements.

5. Construction materials consisting of recycled materials, formed into standard lumber sizes, and used according to manufacturer instructions, shall be considered equivalent to wood.
6. Ramp width may not exceed 4 feet. May include intermediate landings of up to 4' x 4' to change direction or interrupt slope. Not included in deck area limit.
7. Staircase tread may not exceed 12 inches. May be constructed to complement deck design. Total width of staircase in one direction may not exceed 12 feet. May include intermediate landings of up to 4' x 4' for each 90° change in direction.
8. Stair tread larger than 12" or landings larger than 4' x 4' will be classified as deck and included in deck area limit.
9. Railings (3/17)
 - a. A railing is required on decks with an elevation of 30" or higher.
 - b. Railings shall be at least 32" in height, but no greater than a height of 48" as measured from the floor of the deck, porch, ramp, or staircase to the top of the railing.

There is to be no more than four(4) inches of space between each baluster on the railing.

10. Raised Walkways must meet a 7' setback. (3/17)
- C. Overhead Structures (06/13)

1. Total maximum under roof area of all overhead structures shall not exceed 400 square feet. First Class Permit is required.
2. Each structure may be made, covered, and roofed with any generally accepted industry material, in accordance with the manufacturer's intended purpose and installation instructions. Manufacturer's specifications may be required for permit.
3. *Intentionally deleted.* (3/17)
4. The structure shall not exceed 12', measured from floor to roof peak.
5. Maximum roof extension(overhang) of an overhead is 24". (3/17)
 - a. Extension(overhang) is measured from the support post establishing setback of the overhead, when placed over a patio or undeveloped area.
 - b. Extension(overhang) is measured from the support post establishing setback of the deck, when overhead is constructed as a deck overhead.
6. If the structure is attached to an RV, the integrity of each structure will remain sound when one is separated from the other. Under no circumstance is the roof of an overhead structure to be supported by the RV. Support beams are to be adequately placed to support the weight of the overhead.
7. The structure may be placed on any approved patio material or deck.
8. Overhead structures shall not be used to provide storage of personal property (except during off-season) or shelter (full or partial) for recreational vehicles or automobiles.
9. Screened Overhead Structure
 - a. Screening installed to enclose an overhead must be temporary in nature if a room addition is present on the property. (see option below) Use of screens is permitted from March 1 through November 30; screens must be removed from December 1 through the last day of February (the area is to remain open during this timeframe).
 - b. When no room addition is present on the property, screens may remain on a year-round basis. Use of exterior shades to protect screen rooms must be manufactured specifically for this application and be maintained in good repair. (4/17)
 - c. Property Owners with less than 400 square feet of room addition on their property may screen the difference in area up to the maximum 400 square feet, with that portion permitted to remain on a year-round basis. Any additional screening is required to be removed as noted in 9a.
 - d. A portable/temporary screen room (see Article VII, Section 5L) may not be used where a deck overhead has been enclosed with screens.

- D. Room Addition (Enclosures) (6/13)

1. The maximum allowable area of room addition (enclosure) is 400 square feet composed of no more than 2 separate structures. First Class Permit is required.
2. Enclosure must not have any plumbing, sanitary or cooking facilities installed at any time.
3. Enclosure is permitted for use only as a supplement to an approved recreational vehicle.
4. Enclosure shall, if free standing, be provided with a UL listed portable fire extinguisher of 10-B:C as defined in the standards for the installation of portable fire extinguishers (NFPA 10) which shall be located in accordance with the fire extinguisher manufacturer's instructions.
5. Enclosure shall have a smoke detector installed in accordance with its UL listing and within the area primarily designed for living, or in a hallway communicating with the bedroom area unless a door(s) separates the living area from the bedroom area in which case the detector shall be on the living area side of that door.
6. Enclosure shall have a minimum of one door exit located and arranged to provide a means of unobstructed travel to the outside of the structure. If an addition is divided into two rooms, the room which does not have an exterior door to the outside shall have an alternate exit, with an unobstructed opening of at least 5.7 square feet with width not less than 20 inches, height not less than 24 inches, the bottom of the opening not more than 44 inches above the floor. The latch mechanism of any required exit facility shall be operable from the inside without the use of tools, keys or special effort.
7. Enclosure erected as a contiguous RV addition may make necessary the re-venting of side exhaust furnace or gas fired water heater through the top of the trailer or through the roof of the addition. In any event, venting into the enclosure is prohibited.
8. Enclosure shall have a minimum glass or screen area for each exterior wall, except the wall adjacent to the RV, of a room determined by measuring the length of the wall multiplied by .725. Window placement must allow for the maximum amount of light into the structure and possible second escape route. Multiple windows in a vertical plane may not be placed at the bottom of a structure. The calculation for the length of the wall will be reduced by the width of the door opening. In the event multiple walls or angles apply, a directional view will be used to determine the wall's length. (3/17)
9. Enclosure may be constructed, covered, and roofed with any generally accepted industry material in accordance with the manufacturer's intended purpose and installation instructions. Manufacturer's specifications may be required for permit.

10. *Intentionally deleted.* (3/17)
 11. The structure shall not exceed 12', measured from floor to roof peak.
 12. If the room addition is attached to an RV, the integrity of each structure will remain sound when one is separated from the other. Under no circumstance is the roof of the room addition to be supported by the RV. Support beams are to be adequately placed to support the weight of the roof.
- E. Antennas (include satellite dish).
1. All towers shall be a maximum of 30' in height plus 10' mast.
 2. Tower shall be free standing and constructed of at least 20 gauge galvanized or enameled steel.
 3. Base shall be buried a minimum 3' in ground and set in concrete.
 4. Absolutely no guy-wires are permitted to ground level or attached to vegetation.
 5. Masts attached to sheds, room enclosures, recreational vehicles shall not exceed 12' unsupported length and be a minimum 16 gauge enameled or galvanized steel, minimum 1¼" outside diameter.
- F. Bridges.
1. Shall be properly constructed to support a minimum vehicle weight of 8,000 pounds per axle.
 2. Shall not restrict natural drainage.
 3. Bridges, used only for pedestrian traffic and with a maximum width of 5' may be built without the restrictions listed in part 1 of this description.
 4. The bridge shall not exceed road level within 2' of any roadway to allow for roadway maintenance and snow removal.
- G. Signs.
1. No signs of a commercial nature advertising yard sales, garage sales, or service type activity on any campsite or roadway, except those that may be regularly displayed on an Owner's passenger vehicle used in the normal course of business. For Sale signs are prohibited.
 2. Signs denoting a lot address or Owner's name may be displayed adjacent to the roadway, within the lot lines of a campsite.
 3. Signs displayed and denoting Owner or lot address shall not exceed 720 square inches in surface area and the top of such sign shall be no higher than 72" above the ground level.
- H. Connecting Roof.
1. Removable. So designed and constructed that it may be disassembled without impacting the structural integrity, appearance, or usability of the two integrated units.
 2. Integral. Designed and constructed to form a continuous roof covering a corridor between the connected units with roofing material blending onto both units. Such an integral connecting roof shall require a Class I-A permit and shall be included in the total maximum under roof area, and, if covering an enclosed structure, also be included in maximum enclosed area. Must meet overhead structure standards. Such roof shall not exceed the height of the adjoining units at the eaves by more than 12 inches, nor shall it exceed the width of the corridor by more than 8 inches on each side.
 3. An overhead structure or room enclosure roof, which overhangs the adjacent RV, may not extend beyond 24" over the existing RV roof.
 4. Such overhanging roof shall be self-supporting and not structurally attached to the RV roof, except by means of flashing to prevent leaks.
- I. Roof Replacement or Repair.
1. A detailed diagram, including measurements and materials, of the replacement roof must accompany the permit request.
 2. Roof replacements must be of a like design. (Also see Article VII, Section 13, RV Modifications)
 3. All replacement roofs must meet overhead structure standards.
 4. Repair material must be the same type and color as the original, or, if replacing, must use a generally accepted roofing industry material in accordance with the manufacturer's intended purpose and installation instructions. Manufacturer's specifications may be required for permit.
- J. Storage Locker.
1. Limit of two (2) lockers per campsite.
 2. Shall be placed on level gravel, patio blocks, platform or deck.
 3. The locker shall not exceed:
 - a. A base area of 20 square feet.
 - b. A height of 7 feet from base to highest point.
 - c. The height of any wall that it is near to.
 4. Lockers standing over 4' 6" must be stabilized.
 5. Shall be designed for outdoor use and easy relocation. (Typical: Rubbermaid plastic)
 6. All-metal (steel, galvanized, aluminum) units are prohibited.
- K. Portable/Temporary Screen Rooms/Overheads (See Definitions) (6/13) (3/15) (2/16)
1. A Second Class permit with First Class setbacks is required. Portable/Temporary screen rooms/Overheads placed on a property must maintain a First Class setback from the property lines, ie.; fifteen (15) feet from the front and seven (7) feet from the rear, right and left side lot lines.
 2. A portable/temporary screen room or portable temporary overhead, may not exceed 200 square feet.
 3. Portable/Temporary screen rooms/Overheads are permitted from March 1st to November 30th and must be removed from December 1st to the end of February. The framework may remain; however, fabric tops and/or roof are to be removed.
 4. A Portable/Temporary screen room may not be used when a deck overhead has been temporarily/permanently enclosed with screens.
- L. Sanitary Waste Disposal (10/05)
1. In no instance may wastewater be discharged onto the ground or open container.
 2. Wastewater must be discharged into the central sewage utility inlet, an approved holding tank, or a purpose-designed portable tank through a leak-proof connection.

3. When not in use, the central sewer inlet shall be closed with a fitted cap.
4. When not connected, the wastewater discharge port valve(s) of the RV shall be closed and latching cap(s) installed.
5. A flexible sewer line connecting the RV to the sewer inlet or holding tank shall be maintained in good repair.

Section 6. Non-structural Improvements

Paving Materials. The use of concrete, asphalt and other non-porous paving materials is prohibited. Only porous materials will be permitted.

A. Parking Pad.

1. Shall be at least 12" in from each side lot line, shall be constructed of a porous material.
2. Shall not alter existing grade as to create drainage problems for adjoining lots, common areas and/or other property.

B. Driveways.

Shall be at least 12" in from each side of lot line.

C. Recreational vehicle pads.

1. Maximum size 40' x 14'.
2. Shall not alter existing grade as to create drainage problems for adjoining lots, common areas and/or other property.

D. Patio.

1. Shall be at grade level.
2. Maximum area of 400 square feet.
3. Constructed of gravel, patio blocks, brick, wood, or other materials approved by the Board of Directors. Note: when using patio blocks, blocks are to be limited to 18" x 18" in size. Sand or other porous material may be used to fill the cracks between blocks or bricks. Under no circumstance is concrete or other material to be poured or placed for an impenetrable patio slab. (3/15)

E. Culvert.

1. Culverts are required under driveways that cross drainage ditches and shall maintain proper drainage in ditches. Required culvert diameters vary with location; specific requirements may be obtained from the Code Enforcement Officer.
2. Culverts may be made of any generally accepted industry material, in accordance with the manufacturer's intended purpose and installation instructions. Manufacturer's specifications may be required for permit.
3. If no drainage ditch exists between the roadway and an Owner's lot, no culvert is required.

F. Fire pit.

1. Shall be located not less than 20' from any propane gas storage.
2. Maximum area of any fire pit shall be no more than 12½ square feet.
3. Shall be lined with stone, bricks, concrete blocks or metal.
4. All external fires shall be confined within the fire pit.

G. Fireplace.

1. A fireplace or wood-burning stove erected within a structure requires a properly insulated chimney with a fire stop screen in the flue, and a back draft cap on top of the flue. Manufacturer's installation instructions shall accompany permit application.
2. The chimney shall have insulated flashing installed where it passes through the structure.
3. Interior fireplaces shall have full-sized spark screens on the inside opening.
4. Manufacturer's recommendations for wood stoves concerning distances from combustible walls shall be adhered to. Bases for wood burning stoves shall be unpainted brick, stone, or concrete, or other materials accepted by the ESAC Department.
5. A smoke alarm and a fire extinguisher of at least 2½ lb. capacity shall be present in all structures or RVs containing wood burning stoves or fireplaces.

H. Light Shields.

If a light illuminates neighboring lots, then a shield shall be placed around the light to prevent the light's direct illumination of other properties.

I. Portable Temporary Pools.

Allowed pools are limited to 24" in height and must observe first class setbacks. Pools must be emptied and stored so as not to collect water when property is not occupied. Pools intended to be operated with a filtration system are prohibited.

J. Terrace.

1. A landscape terrace may be graded to provide a relative level area on a sloped lot.
2. The terrace surface must be natural vegetation (such as grass).
3. Terracing may not create an interference with natural drainage or adversely impact neighboring campsites or common area.
4. A terrace may be bordered by a retaining wall.

K. Dog Run/Dog Kennel (08/11)

1. Requires a Class II Permit.
2. No more than 60 square feet in area and 6' in height.
3. Approved materials: standard industry material used in dog runs/kennels.
4. No more than one per campsite.
5. May not be used for storage.

L. Fences(3/13)

Campsites shall be kept free and open, no fences, ledges or walls. See definitions, Article XI.

M. Wildlife Deterrents (3/13)

1. Plastic flexible fencing may be used around trees and shrubs to prevent damage from animals from October 1st to April 30th. The barrier is to be placed around the trees and/or shrubs to be protected. Fencing needs to be removed and stored appropriately out of sight from May 1st to September 30th.
2. Use of manufactured plastic or wire garden bed fencing (chicken wire) may be used, with a height of no more than 36", a mesh of no more than 2" in diameter; and covering an area of no more than 200 square feet to prevent damage to vegetables or flowers from animals will be permitted from April 1st to September 30th. Fencing needs to be removed and stored appropriately out of sight from October 1st to March 31st.

3. Goose deterrent wire or rope will be permitted at the waters edge of lakefront properties only.
- N. Decorative and Containment Borders (3/13)
1. Materials to contain the spread of gravel used to define a driveway and or parking area; such as railroad ties, landscape timbers, decorative block or edging may be used, but may not exceed 8" in height.
 2. Landscape post and/or split rail may be used for landscape décor on the property with a maximum of two locations and may not exceed 4' in height and/or 10' in length.
 3. Borders and structures placed in Easements are subject to removal by the Association or authorized agent without notice and/or compensation.
 4. Under no circumstance is any material allowed to border a Campsite on the sides or ends; or outline, encompass, or surround an entire Campsite as this will be deemed a fence.
- O. Prohibited Materials in the application of items M and N. (3/13)
1. Barbed wire.
 2. Agricultural fencing (over 2" mesh)
 3. PVC pipe
 4. Chain link – plastic or metal
 5. Aluminum
 6. Privacy fencing
- P. Skirting (3/13)
1. Skirting may be used to enclose the perimeter under and around a recreational vehicle, add-a-room or deck. A Second Class permit noting the materials to be used and structure to be skirted is required.
 2. Acceptable materials include: lattice, solid wood panels which have been painted or stained to match the existing structure, manufactured RV panels/skirting designed for this purpose, or vinyl panels.
 3. Skirting may not exceed 3' in height; and must be securely attached to the recreational vehicle, add-a-room, or deck. Skirting which cannot be attached directly under and around a recreational vehicle, add-a-room or deck; may be constructed with no more than 6" between the structure and skirting and may not exceed 3' in height. The skirting needs to be securely attached and/or supported to prevent the skirting from being damaged by weather, animals, etc.
 4. Areas which require more than a 3' high skirting panel due to terrain issues will be permitted and noted on the Second Class permit application. Foundation walls, poured or block; and ground coverage other than gravel, within a skirted area is prohibited.
 5. Use of doors. If access under the structure is needed, only one 36" high and 48" wide, door/access panel may be used, and must blend in with the rest of the skirting used.
- Q. Ponds (05/13)
1. A 2nd Class Permit is required.
 2. Are to be located no closer than 7' from side lot lines and 15' from front and back lot lines.
 3. A pond depth is to be no more than 24".
 4. The maximum area for the water surface of a pond is to be no more than 50 square feet.
 5. Ponds must be constructed of materials specifically manufactured for this purpose.
 6. Ponds must have a moving water source so as not to become stagnant, which may be accomplished with a filter, bubbler, fountain, or other industry acceptable device. Power source must meet standards stated in subsection 7. D. of this Article.
 7. Ponds must be maintained so as not to collect yard debris or be covered with algae.
 8. Unmaintained or abandoned ponds must be removed from Campsite.
 9. Discarding of pond plants or fish into Woodhaven's lakes is strictly prohibited.
- R. Walkways (3/17)
1. Cannot exceed 4' in width.
 2. Raised walkways must meet a 7' setback; a Second Class Permit with First Class Setbacks is required.
 3. Walkways which are on the ground(not raised in any fashion) made of wood/block must meet a 5' setback.
 4. Gravel walkways which do not exceed 4' in width must meet a 1' setback.
- S. Firewood Containment (5/17)
1. Area is not to exceed 32 square feet and 6' high.
 2. At least 50% of the walls and doors must be open to allow air flow.
 3. May be constructed of wood, agricultural fencing such as chicken wire, wood or composite lathe, or metal or plastic chainlink.
 4. Containment materials are to be kept in good repair.
 5. Items to be stored within containment area are limited to firewood only.
 6. Limited to one per campsite.

Section 7. Utilities
(Intentionally deleted)(2/16)

Section 8. Enforcement and Penalties

- A. Administration. The administration of the Code shall be by the Code Enforcement Officer. Applicable sections may fall under the jurisdiction of the Lee County Zoning Ordinance, allowing sanctions under both jurisdictions.
- B. Powers. The Code Enforcement Officer or any person affected shall institute action to correct any violation of the Code. Upon ascertaining a violation of the Code, the Code Enforcement Officer shall be empowered to:
1. Request compliance to a conforming improvement.
 2. Issue a Stop Work order, requiring the lot Owner, contractor or agent to cease all work pending further action. A Stop Work order shall be posted in a conspicuous place on or about the improvement and shall state the nature of the violation and specific requirements for compliance. This order shall also be accompanied by written notice to the violator's primary mailing address.
- Note: A Stop Work order constitutes permit revocation.

- C. Sanctions. The Board of Directors may suspend the voting rights and license to use the common properties of any member, associate member or guest, for repeated or continued violations of this Code. Violation of any provision of the Code by a vendor or contractor may result in a monetary fine or revocation of license.

Section 9. Right to Hearing (3/15)

Any person requesting a hearing or variance shall file an appeal with the Association's ESAC Department. All relevant documents will be submitted to the Environmental Committee who may grant reasonable variances from the Declaration and Rules where literal application thereof results in unnecessary hardship and if the granting thereof will not be detrimental or injurious to Owners of other Campsites. Refer to the Association's Policies, 08-210-0315 for specific requirements in obtaining a variance.

Section 10. Interpretation

The provisions of this Code are to be construed at a liberal, minimum level of requirement necessary to ensure the health, safety, and general welfare of the Owners and the sustained economic value of campsites. Planned use and full enjoyment of the property is not intended to be infringed upon.

Section 11. Park Trailers

A Park Trailer shall be permitted to enter and be placed upon a campsite provided that such Park Trailer is certified to be in compliance with ANSI A119.5, covered on all four sides with exterior siding material of the same type and forming a congruous design theme, and is complete and capable of immediate occupancy as it leaves the manufacturer except for bay windows intended for installation upon delivery. In addition to these requirements, a Park Trailer must meet the following criteria:

- A. Built on a single chassis mounted on wheels.
- B. Primarily designed as temporary living quarters for seasonal or destination camping that may be connected to utilities necessary for installed fixtures and appliances.
- C. Having a gross trailer area, including maximum horizontal projection, not exceeding four hundred (400) square feet in the set up mode. Measurements are to include siding, trim, corner moldings, bay windows, porch or deck built on the trailer frame, and all other projections except trailer hitch, overhangs and/or eaves (up to 10 inches).

Section 12. Trailers

- A. Utility Trailer. (6/05)
 1. Shall not be used for storage.
 2. Shall not be of design to exceed 3,000 lb. gross weight when loaded, maximum 6' in width 12' in length.
- B. Boat Trailer. (6/05)
 1. Boats and their trailers which are not permitted to operate on Woodhaven's lakes may not be stored on any campsite from December 1 to March 1.

Section 13. Repair and Modification of RV

- A. A permit is needed when making repairs, or replacing or modifying a roof. A permit is needed when modifying windows, doors, siding, tip outs, slide outs, or any exterior element of an RV. Any modification must conform to current RV standards and/or practices for the RV type being modified.
- B. No permit is needed for other RV repairs provided the repair is intended to maintain the RV in "as was" or original condition.

W&S inclusion

Article VIII Utilities (07/08)

Water, sewer, liquid propane gas containers, and electrical improvements shall be upon campsites in compliance with the Code and current trade practices.

Section 1. General Rules

1. Sewer Service and Water Service is available only to members in good standing who own campsites where such services are installed.
2. The annual assessment for service shall be established from time to time by the Board of Directors.
3. The Board shall have the right to adopt a special assessment for capital improvements, repairs, replacements, extensions, working capital, reserves, and for any other purpose it deems in the best interest of the Association.
4. All assessments shall be charged to the campsite Owner(s).
5. The Board shall have the authority to adopt such Sewer Service and Water Service Rules as it deems necessary for the operation of either system.
6. All assessments shall continue to be made upon the campsite Owner as long as the Owner owns the campsite, whether or not membership in the Association is in good standing or suspended, whether or not the Owner uses water service, and whether or not the campsite is occupied.
7. Each Campsite's service shall be considered separately in rendering bills for service.
8. Any repairs or maintenance necessary on the Owner's service pipe, sewer line or any pipe or fixture in or upon the Owner's premises shall be performed by a contractor or the Owner at the Owner's expense and risk. Such pipes and fixtures shall be kept and maintained in good condition and free from all leaks, and failure on the Owner's part to do so, the Owner may be issued a citation for violation of the Association's Rules and Regulations. The Association may make the repair and assess the member for the costs of repair and for any damages caused by the repairs to property of the Association, plus any penalty for violation of these rules. Penalties will be in accordance with Article VI of these Rules and Regulations.
9. In the event there is a leak or break of a shared service line and/or sewer line both Owners shall be jointly responsible for the cost of repairs.
10. In case of damage to the Association's property on the Owner's premises and/or damage, including obstruction, burying and filling thereof, to the service connection to the Owner, the cost of repair shall be billed to and paid by the Owner in a separate

billing statement.

Section 2. Sewer

- A. Owner sewer lines shall require a minimum pitch of 1" per 8' length and one 4" (Y) cleanout positioned toward sewer main, placed external of, but within 2' of approved improvements outside perimeters.
- B. An Inspection is required by ESAC or Water/Sewer Department personnel before backfilling an open trench.
- C. Pipe shall be SDR 35 PVC or equal.
- D. An Owner's sewer line shall be as specified in the Illinois Plumbing Code. The Owner's sewer line connections shall be installed in accordance with the Association's specifications, maintained and renewed by the Owner. Whenever the excavation for an Owner's sewer line is made in unstable ground, the material for such connection (line and backfill) shall be as approved by the Association.
- E. In laying or installing the Owner sewer line and sewer extension, the following specifications must be observed by the applicant:
 1. All joints and connections shall be gas-tight and water-tight.
 2. All joints must be glued or of a rubber gasket type.
 3. The diameter of such Owner sewer line shall be not less than four inches (4").
 4. The depth of such Owner sewer line shall be sufficient to afford protection against breakage or damage from vehicles moving on the surface of the ground over or adjacent to such connection and to afford protection against frost.
 5. An Owner's sewer line shall be laid at uniform grade and in straight alignment insofar as possible, and any changes in direction shall be made only with properly curved pipe and fittings, or as in accordance with the Illinois Plumbing Code.
 6. An Owner's sewer line shall be laid so as to permit gravity flow of sewage to the sewer collection of the Association.
 7. All excavations for the installation of an Owner's sewer line shall be open trench work in accordance with ASTM Specification (C-12-19), unless otherwise approved by the Association, and no backfill shall be replaced until the sewer lines laid therein have been inspected and approved by a duly authorized agent or employee of the Association.
 8. It shall be a violation of these Rules and Regulations for a sewer pipe to be left open, unsealed or incomplete in such manner that will permit storm or surface water to enter into any Collection sewer. All such openings shall be tightly sealed at all points whenever work is not actually in progress on such Owner sewer lines. An Owner's sewer line must be located at least ten (10) feet horizontal from any water pipe.
 9. All excavations for an Owner's sewer line installation shall be adequately guarded with barricades and have lights so as to warn and protect the public from hazard. Roads and other common property disturbed in the course of the work shall be restored to a condition satisfactory to the Association at Owner's expense.
- F. The Association will maintain the Association's sewer service connection to the Owner sewer line. Beyond the sewer service connection, the Owner is responsible for all leaks and blockages and the same must be repaired by the Owner. If leaks in the Owner sewer line are not repaired within a reasonable time after notice, the Owner will be in violation of these Rules and Regulations and subject to the penalties thereby imposed, including suspension of privileges.

Section 3. Prohibited Use of Sewer Service

- A. No Owner or occupant of a Campsite receiving sewer service shall discharge, cause to be discharged, allow to be discharged or permit to be discharged any storm water, surface water, roof run-off, surface drainage, or groundwater drainage into the Collection sewer or into the Owner sewer service line so as to reach said Collection sewer.
- B. Except with written permission from the Association, neither the applicant nor any occupant of the Campsite shall discharge or cause to be discharged into the Owner sewer service line or into the Collection sewer any of the following described waters or wastes:
 1. Any liquid or vapor having a temperature higher than 150°F
 2. Any water or waste that may contain more than one hundred (100) parts per million by weight of fat, oil or grease.
 3. Any gasoline, benzene, naphtha, fuel oil or other flammable or explosive liquid, solid or gas; any ashes, cinders, sand, mud, straw, shavings, metal, glass, tar, wood or any other solid or viscous substance capable of causing obstruction to the sewers, mains or outlets or interference with the proper operation of said system.
 4. Any water or waste having a toxic or poisonous substance in sufficient quantity so as to constitute a hazard to humans or animals
 5. Any noxious or malodorous gas or substance capable of creating a public nuisance
 6. Any water or wastes containing in excess of two milligrams per liter of cyanides as CN
 7. Any water or wastes that contain phenols in excess of 0.50 milligrams per liter
 8. Any water or waste containing more than two hundred fifty (250) parts per million by weight of Suspended Solids.
 9. Any water or waste containing more than two hundred (200) parts per million by weight of BOD.
 10. Any water or waste having a pH less than 5.0 or greater than 9.0, or having any other corrosive property capable of causing damage or hazard to structures, pipes, equipment and personnel of the sewer system. The term "pH" as used in this subparagraph shall mean the logarithm of the reciprocal of the weight of hydrogen ions in grams per liter of solution.
- C. The Owner shall provide the Association's employees free and reasonable access to the Campsite served for purposes including, but not limited to, inspection of drains, sump pump discharges, down spouts, and surface draining, and the performance of non-destructive tests (for example, smoking, dye testing, etc.) to determine compliance with this Section and Section 5 -- Rules Governing Sewer Service.

Section 4. Discontinuance of Service

- A. Water and/or sewer service for a Campsite may be discontinued or terminated by the Association for any of the following reasons:
 1. Tampering by an Owner or his guests or invitees with the Association sewer laterals, manholes or connections
 2. Violating any of the Rules Governing Sewer Service set forth in Section 3 of these Rules, and Regulations.
 3. Failure to provide the Association's employees free and reasonable access to the premises or property served, or for obstructing the Association sewer service connections, fixtures, or other appliances.
 4. Nonpayment of a delinquent sewer or water bill owed to the Association
 5. Whenever an Owner creates conditions that jeopardizes the integrity of the service provided to other Owners.

- B. The Association may discontinue water or sewer service immediately upon oral or written notice to an Owner if the rendering of further service to that Owner would endanger the health and safety of the Owner or other parties or if civil authorities request the Association to discontinue service.
- C. The Association reserves the right, at any time, to temporarily discontinue sewer service for the purpose of making repairs or extensions. The Association will attempt to give reasonable notice, to the extent practicable, to all Owners to be affected by the discontinuance.

Section 5. Liability of the Association

The Association shall not be liable for damages of any kind or character for any deficiency or failure of sewer service, for the blockage or breaking or sewer overload of any Collection sewer, wherever located, for any deficiency in any Association or Owner lines, attachment or fixtures to any Collection sewer, or any other facility used by the Association, or for any other interruption of sewer service caused by breaking of machinery, stopping for repairs or for any reason or occurrence.

Section 6. Certificate of Compliance with Section 3

- A. The Association has the right to give written notice to Owners to extend to each such Owner a period of thirty (30) days from the date of such notice to make an appointment at a mutually convenient time for inspection by the Association of the Owner's property or premises to determine whether the Owner is in compliance with Article VIII Section 3. The Association reserves the right to give such notices and to schedule such appointments on an area basis to accommodate availability of personnel. Should an inspection take place and the Association find compliance with Article VIII Section 3 the Association will issue a Certificate of Compliance for the premises.
 - 1. Should an inspection take place and the Association find non-compliance with Article VIII Section 3, the Association shall give written notice to the Owner describing the non-compliance and stating that the Owner shall have a period of sixty (60) days from the date of such notice to achieve compliance with Article VIII Section 3 and to make an appointment for another inspection by the Association.
 - a. Should the inspection show compliance, then the Association will issue a Certificate of Compliance for the property or premises.
 - b. Should a reinspection show non-compliance, the Association will give written notice to the Owner describing the non-compliance and the Association may apply Suspension of Privileges, until such Owner is in compliance with Article VIII Section 3 and receives a Certificate of Compliance.
 - c. Should the Owner fail to achieve compliance and make an appointment within the sixty (60) day period referred to in subparagraph (b) above, the Association may suspend privileges, disconnect water service or sewer service or both, until such Owner is in compliance with Article VIII Section 3 and receives a Certificate of Compliance.
 - 2. Should an Owner fail to make an appointment for inspection within the time period set forth in this Rule, or fail to permit inspection at the appointed date and time or within any time period set forth in this Rule, the Association shall give written notice of such failure. In the event that within thirty (30) days of the date of such notice the Owner fails to make an appointment for inspection, or fails to permit inspection at the appointed date and time or within said thirty (30) day period, as the case may be, the Association may disconnect water service or sewer service or both, until such Owner is in compliance with Rule 3 (A) and receives a Certificate of Compliance.
 - 3. Any and all work, labor or materials required to enable compliance with Article VIII Section 3 shall be performed by and provided by the Owner or occupant and shall be at no cost to the Association. Whether compliance exists shall be the sole and absolute determination of the Association. In the event this determination is disputed by the Owner or occupant, the Association will accept a then current written opinion of a professional engineer registered in the State of Illinois that the premises are in compliance with Article VIII Section 3, such opinion to be submitted to the Association by the Owner or occupant and without cost to the Association. No such opinion, however, shall be accepted in lieu of an inspection.
 - 4. Upon the issuance of a Certificate of Compliance and its acceptance by the Owner, the Association shall have the right to make inspection at reasonable hours and upon appointment for the purpose of determining whether compliance has been maintained.
 - 5. No determination by the Association that compliance exists and no engineering opinion to such effect as referred to in subparagraph 3 above shall bar subsequent inspection under the Association's Rules, or subsequent determination of non-compliance, or enforcement of the Association's Rules for non-compliance not discovered by the Association in any prior inspection or arising subsequently.
 - 6. Non-compliance with Article VIII Section 3 exists when any connections or facilities are found by the Association that will permit storm water, surface water, groundwater, or other non-sanitary sewage drainage to enter into the sanitary sewer, regardless of whether actual flow is observed.
 - 7. No employee or agent of the Association shall have the right or authority to bind the Association by any promise, agreement or representation contrary to the letter or intent of these Rules and Regulations.

Section 7. Sewer Holding Tank

- A. An auxiliary holding tank shall be constructed of concrete, fiberglass or other suitable plastic material, in accordance with Illinois Department of Public Health Standards to prevent leakage or seepage.
- B. The capacity of an auxiliary holding tank shall be a minimum of 50 gallons and a maximum of 1000 gallons.
- C. Auxiliary holding tanks shall be within applicable setback requirements.
- D. Auxiliary holding tanks shall be buried underground or stored underneath the RV. When stored under an RV, the holding tanks shall be concealed by skirting, lattice material, etc. so as not to be visible from adjacent lot or roadway.
- E. Auxiliary holding tanks shall be secured by galvanized metal strapping, cable or other non-corrosive material and anchored with auger-type anchors or concrete footings to prevent floating or other movement that may cause breakage of the connections.
- F. All holding tanks shall be leak proof with no overflow possibility.
- G. Waste line leading to the holding tank shall have a minimum pitch of 1" of fall per 8' length of run. Joints shall be glued or of a rubber gasket type. Waste pipe and connections shall be SDR 35 PVC, or better.

- H. Emptying connections shall be 50 feet or less from the emptying connection to the street or Owner's driveway for truck access.
- I. All auxiliary holding tanks and connections shall be installed by a contractor licensed by the Lee County Health Department.

Section 8. Water and Service Connections

- A. The minimum size for any service connection hereafter installed shall, however, be the size required by the Illinois Plumbing Code. The kind of material to be used for service connections shall be determined by the Association.
- B. All service connections shall be laid below the appropriate frost line for the area as determined by the Association.
- C. Winter water service to campsite structures shall be located in the parts thereof best protected from frosts. The pipes shall be installed in such a manner as reasonably to protect said pipes from freezing.
- D. Repair or replacement of the service pipe shall be placed in accordance with the Illinois Plumbing Code and shall be installed in a trench at least five (5') feet in a horizontal direction from any other trench, unless otherwise specifically authorized and approved by the Association. Owner's service pipe shall be laid to the property line, at a point designated by an authorized employee of the Association before the Association shall be required to allow connecting such service pipe with the service connection.
- E. An Owner shall make all changes in the Owner's service pipe required on account of changes of grade, relocation of service lines or other causes created by the Owner.
- F. No cross-connection will be permitted unless an acceptable form of protection against contamination by backflow into the water distribution system is provided. An acceptable form of protection is one which meets the approval of the Illinois Environmental Protection Agency, or any successor agency or organization. The required protection device or system shall be provided and installed by the Owner and maintained by the Owner in good working condition, and shall be subject to the inspection, testing and approval of the Association all at the Owner's cost and expense before being placed in service and at one-year intervals thereafter.
- G. It is the Owner's responsibility to ensure adequate design, installation, maintenance and operation of the premises piping system including backflow preventers, by complying with all applicable regulations and plumbing codes.
- H. Any cross-connection that violates this Rule shall be removed forthwith or corrected in a manner acceptable to the Illinois Environmental Protection Agency
- I. Pipe shall be polyethylene class 160 or equal.

Section 9. Discontinuance of Water Service

- A. Service rendered under any application, contract or agreement may be discontinued by the Association for any of the following reasons:
 - 1. Nonpayment of assessments.
 - 2. When conditions exist due to excessive water use by Owners that the integrity of the service to other Owners is in danger, the Association reserves the right to discontinue the use or restrict the usage.
 - 3. If, as a result of a leak on the Owner's premises, a hazardous condition is created in the public right-of-way or damage is being caused to property adjacent to the Owner's property.
 - 4. Discontinuance of the supply of water to a premise for any reason shall not prevent the Association from pursuing any lawful remedy by action at law or otherwise for the collection of monies due from the Owner.
 - 5. The Association reserves the right at any time to shut off the water in the distribution mains as is necessary to cooperate with civil authorities, in case of accident or emergency, for the purpose of making connections, extensions, improvements, alterations, repairs, changes, or for other proper business or utility reasons, and may restrict the use of water to reserve a sufficient supply in its reservoirs for public fire service or other emergencies whenever the public health, safety or welfare may so require.
- B. The temporary shutting off of water from any premises for any cause, whether for nonpayment of bills, leaking pipes, fixtures, etc., shall not entitle the Owner to a reduction in the amount of the bill during the time of such temporary shut-off. The shutting off of water temporarily shall not cancel a contract for water supply except at the option of the Association or upon written notice from the Owner.

Section 10. Outside Water Restrictions

- A. In order to prevent excessive or wasteful consumption of water during drought and/or emergency and so as to protect the ability of the water system to deliver water to all Owners at a minimum pressure of 20 psi, the following restrictions shall be observed.
 - 1. During periods of water shortage, drought or an emergency, the Association, through posted notification, will encourage Owners to voluntarily practice conservation of water use by restricting lawn sprinkling and other uses.
 - 2. In the event that voluntary practice by the Owners does not reduce the consumption of water sufficiently to allow the utility to provide adequate service, all Owners will be placed on an "odd/even" basis. That is, Owners whose lots end in an odd number may use water outside only on odd numbered calendar days, and conversely, Owners whose sections end in an even number may use water outside only on even numbered calendar days.
 - 3. In the event of extended drought, water shortage and/or emergency of such a nature that the ability of the system to deliver water to all Owners at a minimum of 20 psi is imperiled, all such outside uses may be banned.
 - 4. In the event that cessation of outside usage is not sufficient to protect the integrity of the water supply, the Board may implement more stringent requirements

Section 11. Liability of Association

- A. The Association shall in no event be liable for any damage or inconvenience caused by reason of any break, leak or defect in the Owner's service pipe or fixtures.
- B. The Association shall not be liable for damages of any kind or character for any deficiency in pressure, for failure of water supply, for the bursting or breaking of any mains, services, service branches, stops, valves or fixtures, wherever located, for any deficiency in any attachment to mains, services, service branches or any other facilities used by the Association, for any other interruption of water supply caused by breaking of machinery, stoppage for repairs or for any reason or occurrence. The Association shall not be liable for any damage to the property of Owners caused by any of the foregoing reasons or by fire or otherwise resulting from the total or partial failure of water service or pressure failure or for any reason to provide sufficient water or any facilities for fire protection or for any other cause.

Section 12. DOT or ASME Containers (2/16)

- A. NFPA 58-2004, Liquefied Petroleum Gas Code requires that the discharge from relief valve, vent discharge, and filling connection on either DOT cylinders or ASME containers filled at the point of use not be less than 10 feet in any direction from any exterior source of ignition, openings into direct vent appliances, or mechanical ventilation air intakes. Replacement containers filled at vendor shall not be less than 5 feet from above features. (3/08)
- B. LP containers and fire pits must be a minimum of 20 feet apart in any direction including neighboring campsites. (3/08)

Section 13. Electrical Extension (2/16)

- A. All electrical applications, extensions, upgrades, and repairs must be done under ComEd and NEC requirements.
- B. Undersized or frayed extension cords are prohibited.
- C. All exterior switches, outlets, and connections shall be constructed of weather tight manufactured boxes.
- D. All connections shall be made in an accessible housing such as a junction box, switch box, or fixture base.
- E. An electrical extension for an RV shall terminate in a NEMA 3R electrical enclosure, mounted on a post next to the RV. In no event shall the extension be directly connected to the RV.
- F. Trees and vegetation shall not be used for support of electrical wires, lights, or any electrical devices. Temporary electrical power and lighting installations may be permitted for special occasions.
- G. If the Owner or Owners of damaged or otherwise compromised electric pedestals fail to make proper repairs or contact the Association with plans for repairs within 21 days of the date of notification from the Association, the Association may, in its sole discretion, take whatever steps it deems appropriate to remedy the condition and charge the adjoining Owners of the pedestal, each 50% of the costs of remediation. (05/13)

Article IX. Campsite Cleanliness and Maintenance of Common Areas

- A. Mowing Permits. An Owner of a campsite can request, by application to the Association, permission to mow a portion of the common area adjoining their property that has been previously designated as a no-mow area. In order to obtain a permit to mow, the application to the Association must include on a separate sheet signatures of consent by at least 2/3 of the Property Owners within 100 feet of the common area requested in the mowing permit. If and when a permit is issued, the campsite Owner must sign the permit that will acknowledge that the permit can be revoked upon determination that the permit is not in the best interest of the Association.
- B. Pets.
 - 1. Pets must be visibly restrained in a manner that will allow Association personnel safe access to the unit. When off the campsite, pets must be controlled by a leash.
 - 2. It is prohibited for any pet owner to leave the pet's waste matter upon the ground. The owner/keeper is required to pick up and properly dispose of such waste matter in a waste container.
 - 3. Pets must have current inoculation against rabies and evidence of such inoculation shall be provided upon request of a Public Safety officer.
 - 4. Pets shall not be left unattended for extended periods or overnight.
 - 5. Unreasonable disturbance, continuous barking or repeated barking during quiet hours is subject to a citation.
 - 6. Nuisance: Any pet causing or creating a nuisance (refer to examples a & b) may be removed and permanently banned from Woodhaven upon three (3) days notice.
 - a. A loose dog chasing vehicles or threatening a passerby on the public way.
 - b. A dog that has bitten or attempted to bite a person.
 - 7. Pets are prohibited from being in facilities and/or at scheduled events unless specified. Excluded are service animals (dogs) or those used by law enforcement officials. (4/12)
- C. Noxious Weeds, Brush and Vegetation. Property Owners shall keep Campsite free of any noxious or exotic weeds as specified by the Illinois Noxious Weed Law and the Illinois Exotic Weed Act. Property Owners shall keep campsite free of all unsightly vegetation as designated by the Association. Control is to be accomplished upon written notification from the Association. (Plants are Common Ragweed, Giant Ragweed, Marijuana, Musk Thistle, Canadian Thistle, Johnson Grass, Sowthistle, Sorghum Alum, Japanese Honeysuckle, Multiflora Rose, and Purple Loosestrife.)
- D. Trees. In its sole discretion or upon request of an Owner, the Association may inspect campsites for diseased, dead, dangerous, damaged, or fallen trees, and may notify the owner or owners of such trees of the existence of any such conditions. (4/12)
 - 1. If the owner or owners of any such tree fails to remedy any of the conditions described above within 21 days of the date of notification from the Association, the Association may, in its sole discretion, take whatever steps it deems appropriate to remedy the condition and the charge the owner or owners of the tree 50% of the costs of remediation plus a service charge equal to 50% of the costs of remediation and may also charge the adjoining Property Owner 50% of the costs of remediation. (4/12)
 - 2. In the event any tree is diagnosed with oak wilt, the Association may, in its sole discretion, notify the owner or owners of the tree as to said condition and, because of the risks associated with such disease, take steps to remove the tree and treat the residual stump and root to prevent the spread of the disease to adjoining trees and properties. (4/12)
 - 3. Nothing in this section is to be construed as precluding any Owner or Owners from pursuit of any private or civil court action against any other party that may be available under the laws of the State of Illinois, nor to create a duty on the part of the Association to perform inspections or to remediate such trees. (4/12)
- E. Vehicles and RVs.
 - 1. A vehicle that is not operable, has become unsightly, unsanitary, a safety/health hazard, reasonably uninhabitable, deteriorated, or infested with rodents constitutes a nuisance and is not permitted on a campsite.
 - a. A motor vehicle that is not operable, with expired or no license, or which is not used on the property for the original manufactured purposes is prohibited.
 - b. An operable vehicle will have inflated tires, current valid license plate, meet state safety regulations with regard to lights, brakes, and glass, and be capable of starting and running on its own power.
 - 2. Noting any of the above conditions, on request and observation of the ESAC department personnel, operability will be

- demonstrated by starting and driving the vehicle to the ESAC office, shut down, restarted, and returned to the campsite.
3. Any vehicle not meeting the requirements of par.1 above shall be removed upon written notification from the Association. In addition to penalties defined in Article VI, the Association may abate the nuisance, including in its discretion, removal of such vehicle at the expense of the owner.
- F. Accessory Buildings. Any accessory building, shed, deck, room or other accessory building which has decayed and which is open to access by rodents or insects or which is dilapidated and open to the elements so as to constitute a health hazard or an attractive nuisance may not be stored on a campsite. Any accessory building in this condition shall be removed upon written notification from the Association.
- G. Trash, Debris or Construction Materials. Trash, debris or litter shall not be stored or strewn about a Campsite for more than fourteen (14) days. Construction materials may be stored on a Campsite in a neat, orderly manner and within the setback requirements for the campsite if a valid, current construction permit has been issued. Any other construction material must be removed upon written notice from the Association.
- H. Garbage and Refuse Disposal. No person shall burn trash, garbage or other like refuse on any campsite. All such refuse shall be placed and kept in approved receptacles. (3/17)
- I. *Intentionally deleted* (3/17)
- J. Items not appropriate to recreational camping are not to be visibly stored on the site. With the exception of functioning grills and lawn furniture, which are to be stored in a neat and orderly manner, items that are appropriate to recreational camping must be stored out of sight when the property is not in use.
- K. Tarps(Tarpaulin) (3/17) (4/17)
1. Tarps used to protect structural improvements and RVs must be removed between May 30th and October 15th.
 2. Tarps used to protect accessory items such as woodpiles, boats, scooters, furniture, etc. may remain year round providing the cover is functional and in good repair.
 3. At no time are tarps to be placed in such a manner as to cause them to hold water.
- L. Landscape Waste: All landscape waste is to be either raked to the front of the lot for vacuuming or to be placed in paper bags in front of the lot and arranged for pickup. It is prohibited for any person to place landscape waste in or around the refuse dumpsters. (3/17)
- M. Restricted Trash and Debris: It is prohibited for any person to deposit, abandon, or leave restricted items in or around dumpsters, or to sort through or take any type of refuse, whether it is located on the ground or in a dumpster. It is also prohibited for any person to deposit, abandon, or leave restricted items on any common property or any campsite. Restricted items include, but are not limited to, appliances, liquids of any kind(anti-freeze, fuels, etc.), oils(vehicle lubricants/fluids, undrained filters, etc.), unsolidified paint or full paint cans, propane tanks, electronic equipment(computers, TVs, monitors, printers, stereos, cell phones, etc.), fluorescent lamps, construction debris(roofing material, block, lumber, railroad ties, demolition material, etc.), concrete, landscape waste, tires, and hazardous materials. (3/17)
- N. Littering and Inappropriate Disposal of Waste: No person shall dump, drop, throw, discard, or otherwise litter with garbage, refuse, or trash upon any common area, into any lake or body of water, or any campsite. (3/17)

Article X. Variance Policy (Intentionally deleted) (3/15)

Article XI. Definitions (07/08)

These definitions are specific to R&R and C&R enforcement.

Accessory Building- A building or structure incidental to the usage of the primary recreational vehicle, providing additional temporary shelter for lot occupants.

Access Stairway/Ramp- A flight of steps or ramp not to exceed four feet in width accessing an RV, enclosure or deck.

Adjacent Lots- Two properties sharing a common boundary line.

Antennas- Any passive device, including satellite dish, utilized for the transmission or reception of electronic signals, installed on the site of any lot.

Association- Woodhaven Association, acting through its officers, managers or other duly authorized employees or agents.

Association Sewer Connections- That portion of the sewer system from the collection sewer to the property line.

Automatic Review- The incident resulting in the citation is referred to the appropriate Review Board for examination of circumstances and recommendation to the Board of Directors.

Auxiliary Holding Tank- A sealed container designed to collect all wastewater discharged from the drainage system installed in a recreational vehicle.

Board- The Board of Directors of the Woodhaven Association.

Boat Trailer- A trailer designed to launch and retrieve a boat and to transport such boat on roads.

BOD (Biochemical Oxygen Demand)- BOD measurements are used as a measure of the organic strength of wastes in water; It is the quantity of oxygen used in the biochemical oxidation of organic matter under standard laboratory procedure in five (5) days at 20°C, (68°F) expressed in milligrams per liter.

Building- Any structure with substantial walls and a roof used for the shelter and protection of persons and property.

Canoe- A narrow watercraft propelled with one or more paddles. A kayak is a type of canoe.

C&R- The Declaration of Covenants and Restrictions (Amended). See "Covenants" below.

Code- The Woodhaven Lot Improvements Code, Land Usage and Construction Guidelines Article of the Rules & Regulations.

Colors- The wearing of clothing or jewelry bearing a specific combination of colors, or combination of items worn in a distinctive

arrangement, as a statement of affiliation with a street gang.

Collection, Sewer- The sewer main and facilities located in the road or dedicated easement adjacent to the property to be supplied with sewer service and serving such property and others in the immediate vicinity thereof.

Common Boundary- The surveyed line that divides two adjacent properties and is common to both.

Connecting Roof- A roof constructed to cover a corridor between two adjoining units, such as an RV and a room addition.

Construction- The physical act of setting, moving, erecting, building, modifying or raising any building or structure.

Covenants or Declaration of Covenants and Restrictions- That set of equitable servitudes and obligation recorded in the Woodhaven Declaration of Covenants and Restrictions (Amended) as recorded in Lee County on October 24, 1995. This declaration represents land use restrictions imposed on all Woodhaven lot Owners.

Day- The civil day; the 24-hour period from midnight to midnight.

Deck- A flooring or tread way outside the exterior walls of an enclosed space, constructed of wood or recycled materials formed into standard lumber sizes.

Delinquent Lot- Any lot that passes have been deactivated because of unpaid debts or citation penalty.

Dog Kennel/Dog Run- A contained area for dogs or approved pet, measuring no more than 60 square feet. (8/11)

Double Lot Improvement- Any improvement constructed or placed upon a common property line of two lots owned by the same Property Owner.

Easement Waiver- A written release of specific easement restrictions authorized by the utility company.

Enforcement Officer- Designated staff personnel charged with ensuring compliance with provisions of this Code.

ESAC Department- The Environmental Standards and Control Department is charged with enforcing the Rules and Regulations governing campsite improvements.

Excessive Loudness- Excessive loudness is a volume which the average person in a common area, or if applicable, on a campsite, would find to be disruptive of normal activity, applying contemporary community standards, and giving due deference to the interests of the person creating the noise or owning the instrument responsible for the creation of the sounds.

Fence- a) A linear structure designed to obstruct passage or open view, exceeding 24 inches in height and 72 inches in length; or, b) Multiple linear structures as above, less than 72 inches long, with less than a 72 inch gap between ends.

Firebreak- An area, not exceeding four feet, around a fire pit intended to prevent the spread of a campfire.

Fire Pit- An external fire retaining structure made of stone, bricks, concrete blocks or metal.

Gang Activity- Includes the following: (1) any criminal activity; (2) creating graffiti as defined in these Rules and Regulations; (3) the display, demonstration, communication or throw of a gang sign; (4) loitering; (5) any activity which is conducted with the intent to increase the number of persons in a street gang or a street gang's dominance; (6) any activity done with the intent to otherwise directly or indirectly cause any benefit or gain to or for the street gang; (7) any street gang social activity.

Gang Sign - A signal made and given (1) for the purpose of indicating street gang affiliation or street gang messages to other person or persons with the hand(s) and/or other parts of the body; (2) by wearing or use of a tattoo, clothing, jewelry or other devices which has been made or altered to show street gang names, insignia, or information that demonstrates allegiance to a street gang; and (3) the use of "colors".

Garbage/Refuse- Means animal or vegetable waste resulting from the handling, preparation, cooking and consumption of food, combustible and noncombustible waste materials, including the residue from the burning of wood and other combustible materials, paper, rags, cartons, boxes, excelsior, rubber, leather, plastic, cans, metals, glass containers, ceramics, crockery, and other similar materials or items that have been discarded. (4/17)

Graffiti- Any sign, symbol, marking, drawing, name, initial, word, diagram, sketch, picture or letter placed, without express written permission of the Owner, upon real or personal property of said Owner.

Gross Trailer Area- The total plan area measured to the maximum horizontal projections of exterior walls in the setup mode.

Hardship- For variance purposes, hardship is defined as either, a) a physical handicap affecting a member of a Property Owner's household, b) a unique characteristic of the topography or layout of the lot affecting the use of the lot, or c) where an Owner can document that he acted in good faith and in accordance with information provided by an authorized official of the Association, and is subsequently found to be in violation, and where compliance will require an unreasonable expenditure in relation to the extent of the violation. Physical handicap hardships require a doctor's statement. Applicant must show how the variance will relieve the hardship.

Hazard Tree- Any tree that is in a deteriorating condition and is positioned in a way that can cause damage or injury to the occupants of an adjacent lot if it should come down or break apart.

Hydrant- An upright pipe with a valve to which a hose can be attached; located on each Campsite, connected to a water service line.

Immediate Family Member- For variance purposes, includes any member of a Property Owner's household that can document living together on a consistent basis.

Improvements- All additions or construction, other than personal property added to a lot by the Owner with the intent of enhancing the lot value for fiscal or recreational purposes.

Landscape Waste- Shall be defined as grass clippings, leaves, branches, trees and wood.

Lot or Campsite- As hereinafter used shall mean each and every or any lot or campsite shown on a recorded plat of subdivision.

Main- The water supply pipe, owned and maintained by the Association, to which service connections are attached to supply water to one or more Owners.

Minor- Any person under 18 years of age.

Mobile RV- A travel trailer or motor home that is maintained in road condition with current license.

Non-Conforming Improvement- Any improvement properly constructed for which either a permit or variance was granted and was in compliance prior to the adoption of this Code, which does not conform after the adoption of this Code.

Non-Structural Additions- Lot improvements not requiring the erection of a structure for their completion. Often constructed near ground level, for example, driveways or parking pads.

Obscene- Obscene means words or material which describes or depicts sexual acts that are objectionable or offensive to accepted standards of decency which the average person, applying contemporary community standards at Woodhaven, would find, taken as a whole, is material which depicts or describes, in a patently offensive way, sexual conduct.

Overhead Structure- An accessory structure erected to provide temporary shelter consisting of a roof and supporting members without walls.

Owner- A person having an ownership interest in any premises or property which is, supplied with water or water and sewer service by the Association. "Owners" means all so interested.

Owners' Water Service Line- That portion of the water line extending from the property line into the hydrant and/or improvements or anywhere on the premises, including underground lines.

Owners' Sewer Line- That portion of the sewer system extending from the property line to the RV and from the Collection sewer to the RV.

Park Trailer- A recreational vehicle designed and built to comply with American National Standards Institute, Inc. Park Trailer Standard A119.5 ("ANSI A119.5") and in accordance with Interpretive Bulletin A-1-88 as promulgated by the Dept. of HUD, 10/5/88.

Parkway- The common property between the edge of a road and the front lot line of the Owner.

Pass- The electronically coded device that permits entry onto, and use of, the Common Property of the Association. (8/05)

Patio- A recreation area composed of gravel, patio blocks, bricks or wood at grade level.

Porch- A platform at the top of a flight of stairs that permits access to an RV, enclosure or deck, but does not exceed the area necessary for such access or the safe opening of the access door.

Portable/Temporary Screen Rooms/Overheads- A movable/removable temporary structure consisting of frames fitted with wire or plastic mesh, on a hinged framework, with a removable roof; not exceeding 200 square feet. (3/13) (2/16)

Profanity or Profane- Profanity means the excessive use of sexual terms, religious terms, or other phrases, commonly understood to constitute profanity.

Public Nuisance- Refer to Excessive Loudness, Obscene, Profanity or Profane, or Sexual Acts for further definition.

R&R- The Rules and Regulations of the Woodhaven Association.

Ramp- A sloping passage connecting different levels, designed for handicap access.

Recreational Vehicle (RV)- A vehicular type unit manufactured and initially designed as temporary living quarters for recreational camping or travel use, which either has its own motive power or is mounted on or drawn by another vehicle.

Refuse- *Intentionally deleted. See Garbage/Refuse.* (4/17)

Regular Maintenance- Any work done to an existing improvement that does not change the original size or configuration of the structure.

Room Enclosure- An accessory building, either freestanding or attached to a recreational vehicle constructed of such form and materials as designated by the Code.

Rowboat- A watercraft equipped with oars or paddles. Types of rowboat include bass boats, jon boats, V-boats, semi-V-boats. (2/16)

Sexual Acts- The actual act or depiction or descriptions of sexual intercourse performed alone or between members of the same or opposite sex or any other acts or sexual arousal involving any physical or described physical contact with another person's genitals or breasts. Terminology for such sexual acts will be found in the policies.

Shared Lines- Utility lines can be water or sewer intended to serve two or more Campsites.

Staircase- A flight of steps to provide passage from grade level to deck, porch or entry.

Storage Locker- An enclosed outdoor structure intended for storage of camping accessories or firewood that does not exceed 20 square feet in floor space or a height of 7 feet measured from base to highest point of roof.

Storage Shed- A portable building not exceeding 96 sq. ft. intended for protection of personal property.

Street Gang- Any combination, confederation, alliance or understanding in law or in fact, of three or more persons through its members or through the agency of any member, at the direction, order or request of any member who is a leader or other authority, and engages in a course or pattern of criminal activity, either at Woodhaven or elsewhere.

Structural Alterations- Any change in the supporting members of a building, such as bearing wall or partitions, columns, beams, or girders, and/or substantial change in the roof or in the exterior walls.

Structure- Anything constructed or erected which, by design or size implies a fixed nature in its use; and is difficult to move or dismantle.

Suspended Solids- Solids that either float on the surface of, or are in suspension in, water, sewage or other liquids and that are removable by laboratory filtering.

Sewer or Wastewater System- Synonymous and herein after refer to the collection and treatment of wastewater.

Tarpaulin(Tarp)- Means a waterproof material, such as canvas, used to cover and protect things from moisture. (4/17)

Tent- A temporary portable shelter of canvas, nylon or like material designed for camping, with supporting and anchoring devices.

Terrace- A graded level area or stepped series of level areas with natural ground cover on sloping grade.

Tip-Out/Slide-Out- An extension of the living quarters of an RV, normally retractable for transport. Must be of original design from RV manufacturer.

Trash and Debris- Accumulated non-functional or deteriorated items, such as but not limited to: barbecues, bikes and toys, RV and vehicle

parts, dilapidated indoor or outdoor furniture, or quantities of any item beyond reasonable campsite needs, appliances, liquids of any kind (anti-freeze, fuels, etc.), oils (vehicle lubricants/fluids, undrained filters, etc.), unsolidified paint or full paint cans, propane tanks, electronic equipment (computers, TVs, monitors, printers, stereos, cell phones, etc.), fluorescent lamps, construction debris (roofing material, block, lumber, railroad ties, demolition material, etc.), concrete, landscape waste, tires, and hazardous materials. (4/17)

Utility Trailer- A towed vehicle used to transport goods. Maximum loaded gross weight 3000#.

Violation- Any improvement, which because of the nature of construction or a deficiency in the permit process that does not comply with the provisions of the Code.

Walkway- A passage or path not exceeding four feet in width.

Water Service Connection- A pipe with attachments used to conduct water from the main to and including the curb stop at or near the property line.

Work- Those activities that involve the physical use of tools, machinery and equipment to landscape campsites and build, remodel or repair improvements thereon.
